GYMNASTICS AUSTRALIA CHAIRMAN'S AND CEO'S REPORT

KEN WILLIAMSON - CHAIRMAN

JANE ALLEN - CHIEF EXECUTIVE OFFICER

2005 was a memorable year for Gymnastics Australia with the sport receiving unprecedented promotion and media exposure in the build up to the staging of the World Championships in Melbourne in November.

The World Championships were an outstanding success for Gymnastics Australia both on and off the field of play. The Organising Committee under the leadership of Chairman Murray Chessell, supported by the GA event team and over 300 volunteers, delivered a fantastic event for the sport that has left a valuable legacy. Congratulations to everybody associated with the championships.

In reviewing the international performances over the year, three key performances stand out for different reasons.

The packed house at Rod Laver Arena in Melbourne went wild when Monette Russo created history for Australian Gymnastics by winning the bronze medal in the Women's All Around event at the World Championships. To achieve this milestone in front of her home crowd was truly special for Monette. It certainly gave the sport a huge boost as thousands watched her performance at prime time on national television.

Australia's young men's team showed great improvement on the world stage with strong performances from Josh Jefferis in the Men's All Around, Damian Istria (High Bar) and Prashanth Sellanthurai (Pommel Horse) in the apparatus finals.

With significant changes made to the men's national program in 2005 that incorporated a national camps based program at the AIS, these results augur well for the future.

Sport Aerobics continues to fly the flag overseas with Kieran Gorman achieving outstanding results at the IAF Suzuki World Cup (bronze medal) and ANAC International Championships (gold medal) all in his first year of senior competition. The 2006 Sport Aerobics World Championships in China will be Kieran's next big challenge as he prepares to make a name for himself on the world stage.

Behind the athletes and coaches is a dedicated High Performance network which enables all athletes to strive for success at international level. Gymnastics Australia is indebted to the Australian Institute of Sport, Victorian Institute of Sport, Queensland Academy of Sport, NSW Institute of Sport, South Australian Sports Institute and the Western Australian Institute of Sport along with the State Associations' High Performance programs for the financial commitment and coaching expertise underpinning all national programs.

2005 saw the official opening of the National Trampoline Training Centre in Adelaide. The establishment of a first class training facility under the direction of National Coach Nikolai Zhuravlev, would not have been possible without the support of SASI and in particular Val Beddoe and Wes Battams.

Gymnastics Australia in conjunction and co-operation with its State Associations, continues to deliver all business and services in a "whole of sport" approach in areas such as the national club accreditation scheme - Club 10, national insurance program for the clubs and their members, a national Australasian Performing Rights Association (APRA) and Phonographic Performance Company of Australia (PPCA) licence program for clubs and a national membership scheme covering affiliation of clubs and registration of technical members and athletes.

With a commitment to providing strong risk management strategies for the sport, Gymnastics Australia embarked on its first "online" resource during the year. With the assistance of the Australian Sports Commission and the hard work of Education Manager Linda Pettit, "Managing the Risks of Coaching" (MRC) was launched at the National Conference in May. The resource is a very valuable tool for the gymnastics community enabling navigation through case studies and information provided in a manner to minimise the risks involved in gymnastics. This resource also provides our members with a glimpse into the future of education and training for the gymnastic coaches and judges. Whilst never losing the practical aspect of coach and judge education, Gymnastics Australia is strategically moving towards establishing online education tools for the delivery of the sports general principle courses.

Affiliations:

Gymnastics Australia maintains affiliations with the following organisations:

- International Gymnastics Federation (FIG)
- Australian Olympic Committee (AOC)
- Australian Commonwealth Games Association (ACGA)
- Confederation of Australian Sport (CAS)
- Commonwealth Gymnastics Confederation (CGF)
- International Aerobic Federation (IAF)
- Pacific Alliance of National Gymnastics Federation (PANGF)
- Association of National Aerobic Championships (ANAC)

To strengthen GA's ability to manage and drive the national membership database, Ben Kerswill was appointed to manage the national membership program in early 2005. Having a dedicated staff member with IT expertise has provided valuable assistance to the national office, State Associations and clubs.

The delivery of Club 10 continues to be a challenge for Gymnastics Australia and the State Associations as more clubs strive to reach the national standards set by this program. Gymnastics Australia acknowledges the commitment of the State Associations and in particular their hard working Club 10 officers in delivering and servicing Club 10.

With the pressure of delivering the World Championships, the GA Event team is to be congratulated for its efforts in delivering the national events calendar and international invitational events throughout the year. This could not have been possible without the valuable support of the national sport management committees and State Associations, many of whom did extra work when called upon.

International events held against China, Malaysia, Ukraine and Great Britain as well as the very important Australian Olympic Youth Festival in January assisted in the preparation of national teams for the 2006 Commonwealth Games. The Australian Commonwealth Games Association "Target 2006" funds were crucial in the build up to Australia's home Games.

Six Board meetings were held throughout the year supported by an Executive Committee and other committees that ensured Board operations were closely aligned to corporate governance standards. The Board also adopted the model of rotating Board meetings around the States, taking the opportunity to have joint Board meetings to strengthen communication and the sharing of common goals.

President of Gymnastics NSW, Don Bollard was elected to the Board at the AGM in May 2005.

Gymnastics Australia returned a surplus for the 2005 calendar year of \$540,139. An excellent financial return from the World Championships underpinned this surplus. The challenge for the Board will be to ensure that this legacy is invested wisely in the interests of the long term future of the sport.

Gymnastics Australia acknowledges the support of the Australian Sports Commission for the funding allocated to assist in the delivery of its high performance program and development projects. GA is also indebted to the Australian Olympic Committee and the Australian Commonwealth Games Association for their continued financial support.

Loyal sponsors Acromat, Elite Sportswear (GK), Marsh and Nacisey continued to provide financial and in kind sponsorship to Gymnastics Australia in 2005. The operations of GA rely on these sponsors and their support is greatly appreciated.

In closing, Gymnastics Australia wishes to sincerely thank and acknowledge the tremendous support it has received from State Associations, clubs and their members and the hundreds of volunteers across Australia who give their time so freely.

On a sad note, the gymnastics community was shocked by the sudden passing of Graham Carey in November. Graham's contribution to Queensland was outstanding and in particular his strong and principled leadership as President for eight years will not be forgotten.

In November, Gymnastics Australia was pleased to welcome Peggy Browne as its special guest at the World Championships. Peggy, who served as GA Executive Director for twenty years until her resignation in 1997, received the Award of Merit for her services to the sport at a special function held in her honour.

Finally GA acknowledges the commitment and dedication of the Board, Sports Management Committee members and the national office staff - all of whom played very important roles in this very busy and truly memorable year.

GYMNASTICS AUSTRALIA 2005 KEY SPORT PERFORMANCES

MARSH

Gymnastics Australia wishes to thank the Australian Olympic Committee (AOC), the Australian Commonwealth Games Association (ACGA) and our national sponsors for their continued support of gymnastics. Their tremendous contribution allows us to provide the necessary resources, to achieve objectives in our Strategic Plan which covers both the high performance, participation and program elements of our seven Gymsports.

AUSTRALIAN OLYMPIC COMMITTEE:

International Travel Grant	\$48,000
Australian Youth Olympic Festival	

AUSTRALIAN COMMONWEALTH GAMES ASSOCIATION

Target 2006 Funding (July 2003 - March 2006)	\$500,000
Junior Development Grant	\$24,000

ACROMAT

"Official supplier of gymnastics equipment"

A longstanding sponsor of Gymnastics Australia, Acromat provides the gymnastics equipment for all national and international events. Without this sponsorship, Gymnastics Australia could not conduct their events as the cost of purchasing and storing the equipment would be prohibitive.

ELITE SPORTSWEAR

"Official supplier of competition and training attire"

World class competition and training attire is supplied by Elite Sportswear under their "GK" brand to all our Australian team members in our Olympic gymsports. This ensures that our athletes are provided with world standard leotards and are presented in the most professional manner.

NACISEY

"Official supplier of Cheerleading uniforms"

Cheerleading uniforms for the national champion teams each year are supplied by off shore company, Standard International Company Ltd under their brand name "NACISEY". This sponsorship will assist the development of cheerleading in Australia.

MARSH INSURANCE BROKERS

In conjunction with Sportscover, Marsh provides Gymnastics Australia with a comprehensive national insurance program for all members and also provides sponsorship for the "Managing the Risks of Coaching" resource.

GYMNASTICS AUSTRALIA ACKNOWLEDGES THE AUSTRALIAN SPORTS COMMISSION

Gymnastics Australia (GA) wishes to acknowledge the substantial funding that the sport receives from the Australian Sports Commission. This funding underpins the operations of Gymnastics Australia and provides GA with the human and financial resources to achieve the objectives of the Strategic Plan.

Men's and Women's Artistic Gymnastics have residential and camps-based scholarship programs at the Australian Institute of Sport and substantial funding is allocated each year to fund the program's operations and scholarships.

Gymnastics Australia, through its school programs, GYMSkools and AEROSkools, has also been part of the Targeted Participation Growth Program (TPGP) which finished in 2004. In 2005 Gymnastics Australia received a special one off grant to assist with an online connection between the GYMSkools program and affiliated clubs.

As well as a yearly grant allocation based on the objectives of the "Funding and Service Level Agreement" (FSLA), Gymnastics Australia has also been awarded one off grant allocations in 2005 in the following areas:

National Officiating (Sports Acrobatics)

A grant was awarded to Suzi Jordan to assist in furthering her Sports Acrobatics judge education.

National Coaching Scholarship

Martine George, senior coach at WAIS Gymnastics Program, was awarded a National Coaching Scholarship to assist in her development as an international levels coach. The scholarship finishes in 2006.

Coach Mentoring Program

This scheme was introduced to identify possible high performance coaches working in gymnastics clubs who with assistance in education and mentoring, could become potential AIS/SIS/SAS coaches. The coaches selected were:

Michelle Yardley (SA)
Megan Mitchell (QLD)
Deborah Enderby (VIC)
Tameira McLean (WA)

These coaches are funded to attend national training camps and regularly work with mentor coaches at their nominated State Institute. This mentoring program finishes in October 2006.

Sport Leadership Grants for Women

Ten grants (\$15,368 in total) were allocated to gymnastics from this leadership scheme to assist coaches and judges across all levels of the sport.

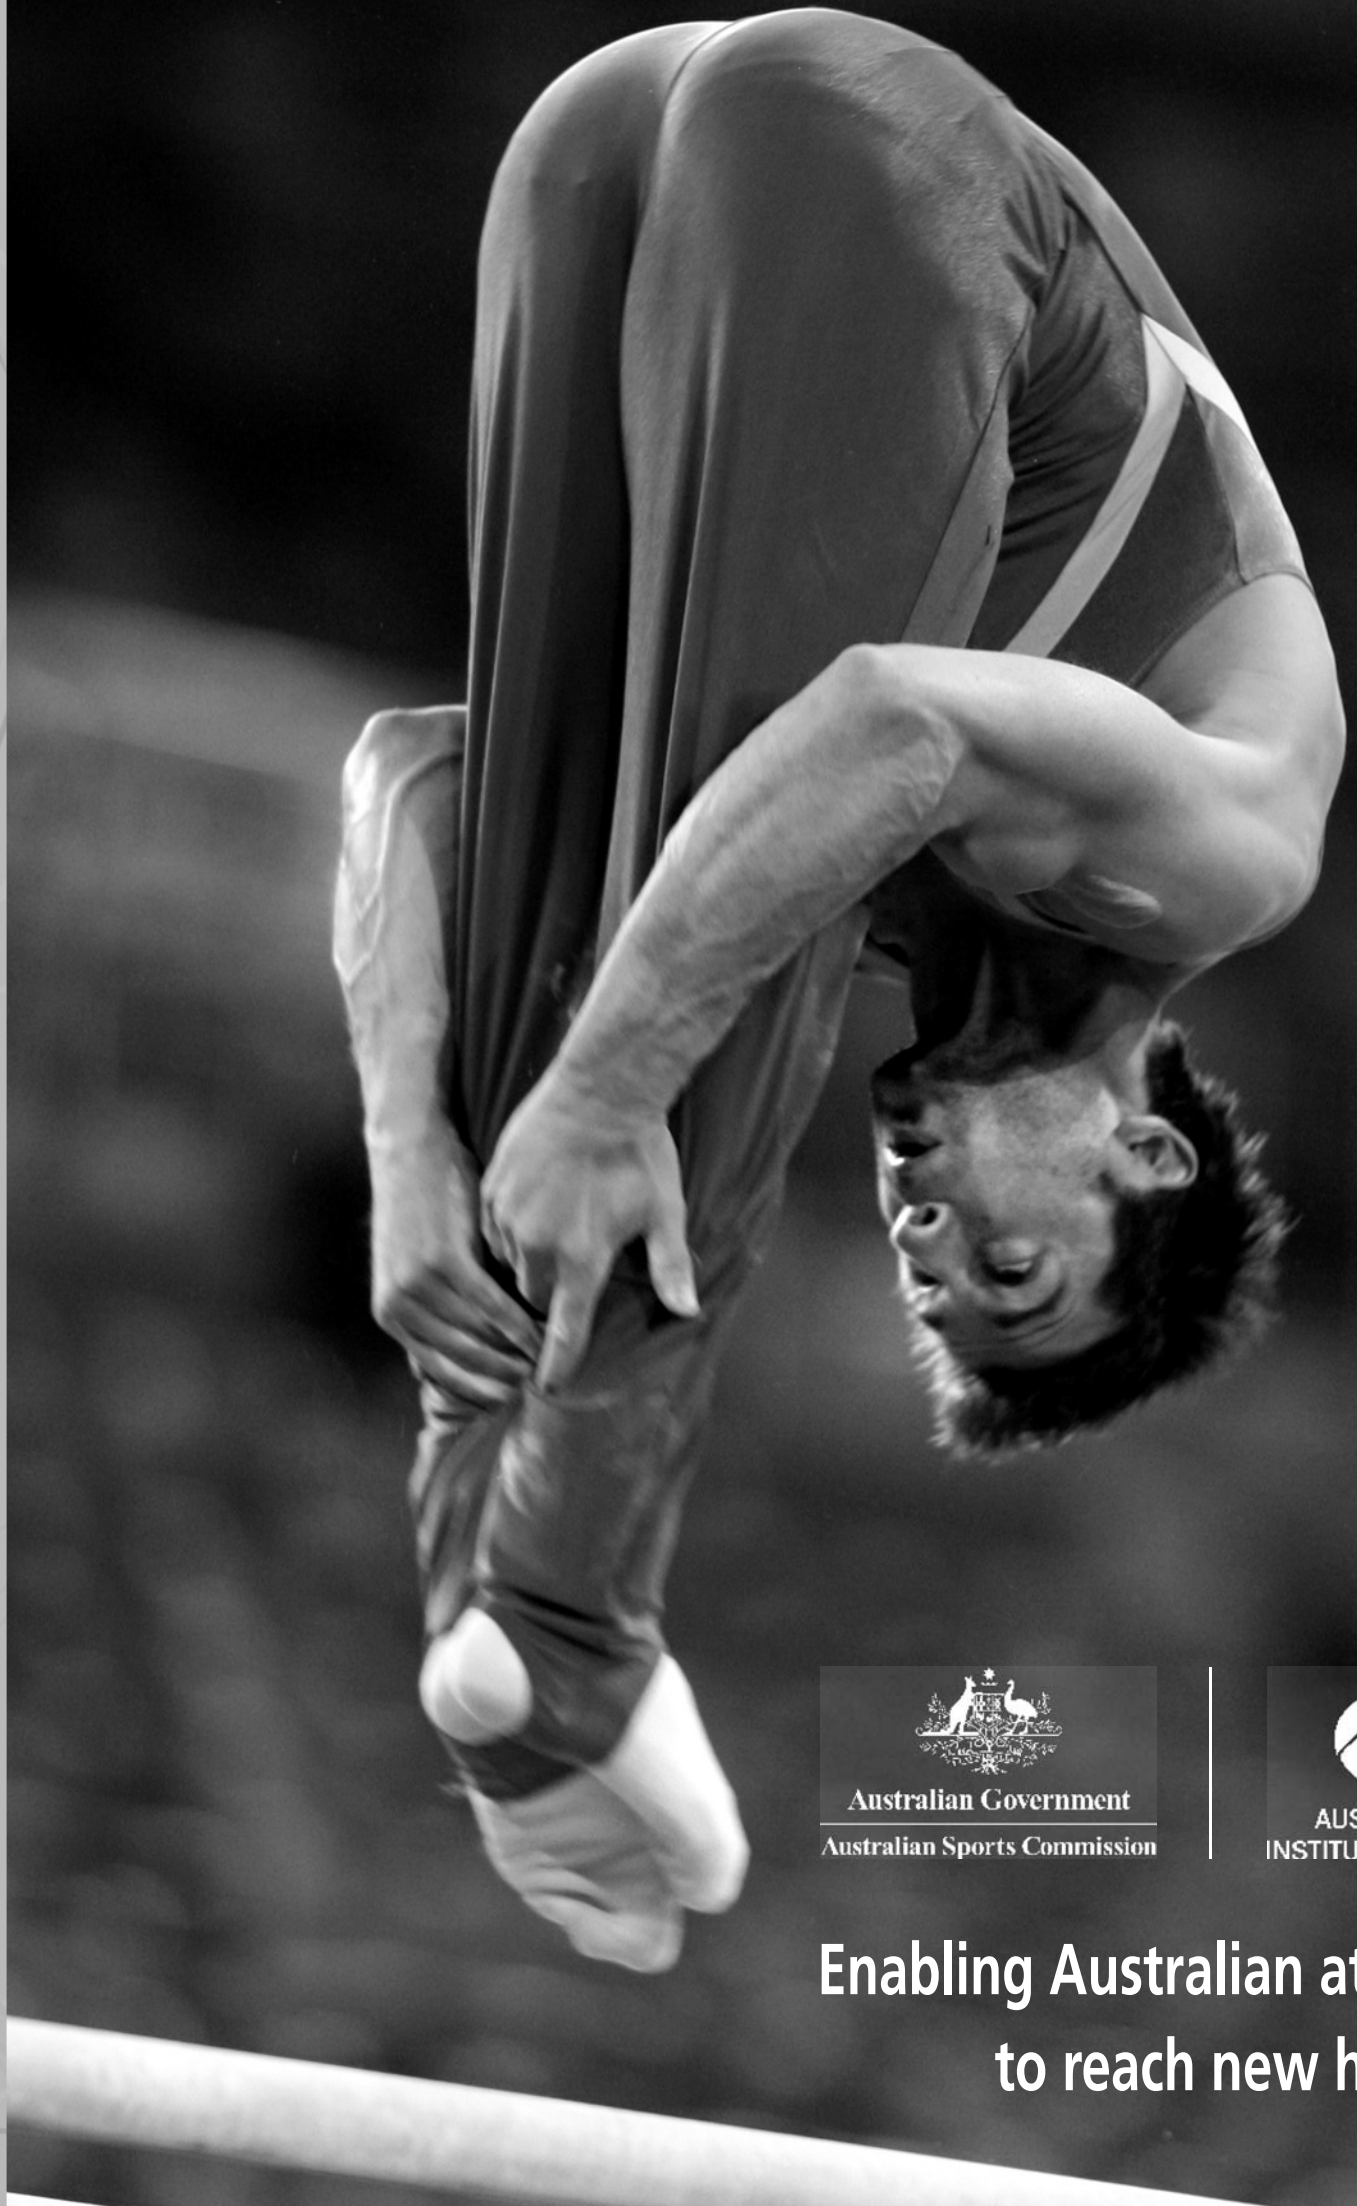

Sport Grant - Funding and Service Level Agreement

(not including the previously noted grants)

AIS (MAG and WAG)	\$1,103,000
High Performance	\$1,039,000
Development	\$ 260,000

Grant in Total **\$2,402,000**

GYMNASTICS AUSTRALIA SPORT REPORT

KAREN MYERS - SPORT PROGRAM MANAGER

World Championships were held in all Olympic gym sports in 2005; Trampoline World Championships in Eindhoven, Netherlands (September), Rhythmic World Championships in Baku, Azerbaijan (October), finishing with the Artistic World Championships in Melbourne, Australia in November. The Championships held in Melbourne were definitely a highlight of the year with volunteers from all gym sports being a part of the very exciting and successful event staged in Australia.

In 2005 all gym sports began the year with newly elected Sport Management Committees (SMCs). These committees are in place for the next 4 year cycle (2005 – 2008). Each SMC has been working throughout the year towards achieving goals set out in their respective operational plan with the support of the Program Managers:

MAG	Russell Smart/Kath Graham
WAG	Karen Myers
RG	Karon Williams
GG	Petrina Hutchinson
CL	Nerine Cooper
AER	Karon Williams
TRP	Russell Smart
ACR	Russell Smart

On behalf of all Program Managers, thanks are extended to all volunteer SMC members and sub-committee members for their valuable time and dedication to the delivery of their respective gym sports.

Congratulations to all national squad members on their selection in 2005 and also the results obtained on the various national team tours throughout the year. 2005 also saw the introduction of the national squad e-news which is put together by Megan Currie (Sport Program Officer) on a monthly basis to keep all national squad members informed of all events, special occasions and general squad administration.

The introduction of the AIS/GA Olympic Squad and AIS camps-based scholarship program for MAG and WAG took place in 2005. A squad of 10 athletes in both MAG and WAG attended various training camps throughout the year funded by the AIS which has been of enormous benefit to the gymnasts and coaches in the development and preparation of the national teams.

MAG, WAG and RG undertook their Commonwealth Games preparations with a series of head to head competitions and training camps during the year. These events included:

April	AUS v Malaysia (RG)
	AUS v Great Britain (MAG)
	AUS v Ukraine (WAG)
July	AUS v China (MAG/WAG)
	AUS v China Apparatus Challenge (MAG/WAG)

In conclusion, the gym sports had many achievements in 2005, with the first Cheerleading team heading overseas to compete internationally, the first individual All Around medal won at an Artistic World Championship by Monette Russo, great results from all our teams involved in the Australian Youth Olympic Festival and the success of the Sport Aerobics athletes at the ANAC International Championships.

These achievements were not only limited to the performances of athletes but also to the introduction of new programs and initiatives by the Sport Management Committees, the Kindergymagic by the GG Committee, Men's National Program CD released by the MAG SMC and the revamping of the judges' education materials by the ACR committee, to name a few.

Congratulations to all athletes, coaches, administrators and volunteers for their work in a busy and rewarding year.

MAGIC MOMENT:
Monette Russo dances her way into history by claiming the All Around Bronze medal at the 2005 World Gymnastics Championships in Melbourne.

MEN'S ARTISTIC GYMNASTICS GYMSPORT REPORT

TIM QUINLIVAN - TECHNICAL DIRECTOR

2005 was a very memorable year for men's gymnastics in Australia. The highlight was Melbourne's hosting of the World Championships and the tremendous excitement and enthusiasm that was generated through all levels of the sport. Josh Jefferis qualified for and eventually placed 19th in the All Around final (equal highest placing by an Australian MAG gymnast). Prashanth Sellathurai finished 7th in the Pommel Horse final while Damian Istria achieved a 7th place in the Horizontal Bar final.

Philippe Rizzo continued his international success on the Horizontal Bar with a win in the Glasgow World Cup and the Junior International gymnasts won 8 medals including the Silver Medal in the Team competition behind China in the Australian Youth Olympic Festival.

2005 also saw the formation of the AIS/ GA Olympic Squad and the introduction of a national camps-based program at the AIS. The ten gymnasts selected for this squad received financial assistance and were invited to the various national training camps at the AIS throughout the year. These camps were of enormous benefit to the gymnasts in their development and preparation for the various international competitions.

The completion of the new 2005-2008 National Program CD with its gymnastic exercise requirements and development guidelines, again lays the foundation for a very strong men's program in this Olympic cycle.

Paul Szyjko and Daren Wolfe achieved a FIG Category 1 classification (top 25 judges in the world) at the Intercontinental Judges' course in Germany in December 2005.

Special thanks must go to Kath Graham who took on the very demanding role of Acting National Program Manager while Russell Smart was involved with the organisation of the World Championships and Commonwealth Games. Thanks must also be given to the other SMC members and GA staff for their tireless work throughout the year.

It is evident from the achievements outlined above, that 2005 was indeed a very successful year.

Men's gymnastics in Australia will undoubtedly continue to grow and succeed in the coming years. Congratulations are extended to the gymnasts, coaches, judges and administrators for their achievements in 2005.

HOLDING TIGHT:

Joshua Jefferis swings his way to a 19th placing in the All Around Final at the 2005 World Gymnastics Championships in Melbourne.

WOMEN'S ARTISTIC GYMNASTICS GYMSPORT REPORT

HELEN COLAGIURI - TECHNICAL DIRECTOR

The Artistic World Championships being staged in Melbourne was the highlight of the 2005 calendar. All the hard work that went into the organisation of the event was rewarded by the outstanding success of the event itself and Monette Russo's bronze medal in the All Around Women's competition. This was a well deserved honour for Monette.

During 2005 Allana Slater, 2000 & 2004 Olympian, announced her retirement. Allana has been a wonderful competitor and ambassador for women's gymnastics for many years and best wishes are extended to her as she moves into another phase of her life in gymnastics. It is most pleasing that she will continue her involvement as an FIG judge.

The juniors also achieved excellent results at International events in 2005 – Chloe Sims won gold in the All Around at the Australian Youth Olympic Festival in January, Hollie Dykes was All Around champion at the Australia vs Ukraine competition in April and Dasha Joura placed first on both Beam and Floor at the Australia vs China Apparatus Challenge in July.

In the National Levels division of the sport a review was completed of the Levels 4 – 6 program and to assist coaches and clubs with the program, a Question and Answer page was initiated for technical questions on the web site. This ensured that the information was accessible to all members of the community.

2005 was also a historic year for the sport as it was the final year of 10.00 being the highest achievable score in artistic gymnastics. It was a difficult year for the coaches and judges as the FIG was slow in finalising the new Code of Points. This delayed the finalisation of the gymnasts' routines and all judge education. In December, Jill Wright, Helen Colagiuri, Danica Mladenovic and Trisha Hade represented Australia at the Intercontinental Judges' Course in Japan and all achieved the highest ranking of Category 1. This was an exceptional result given the timing of the new Code of Points being finalised.

The achievements outlined in this report would not have been possible without the total dedication of the gymnasts, coaches and judges. Congratulations to the gymnasts and coaches on their results, and many thanks to the judges for the many hours of volunteer time they give to the sport.

The sport also owes much of its success to the many hard working committees that support women's gymnastics.

- State SMC's and Judging Committees
- National Levels Committee
- National Elite Management Committee
- National Sports Management Committee

Thanks are also extended to the State Associations and Gymnastics Australia, in particular, Program Manager Karen Myers for her support throughout the year.

HISTORY IN THE MAKING:

Monette Russo claims
Australia's first
All Around placing
in an Artistic World
Championships, taking
the Bronze medal at the
2005 World Gymnastics
Championships in
Melbourne.

RHYTHMIC GYMNASTICS GYMSPORT REPORT

TERESA EVANS - TECHNICAL DIRECTOR

In 2005, Technical Director Teresa Evans and Project Officer Jo Edinger were new members elected onto the National SMC to support re-elected members Judging Co-ordinator Ellena Papas, and Project Officer Nicole Higham. Karon Williams continued in her role as National Program Manager.

Their first task was educating the RG community in the new 2005-2008 FIG Code of Points.

This Code involved radical new ideas and as with all new FIG codes, many changes were made before the final product was released. There have been many workshops and education opportunities throughout the year and hopefully all are beginning to feel comfortable with the document.

It was fortunate that all of the FIG Brevet judges and coaches successfully passed their theory and practical examinations at the Continental RG Judges' Course in New Zealand in March and the Malaysian Continental RG Judges' Course in April. New Level 3 judges were welcomed into the community and it is hoped to eventually have them continue onto FIG Brevet level in the next cycle.

Congratulations to Teresa Evans who successfully passed the RG Intercontinental Course and gained FIG Brevet 1. Teresa was then appointed as a FIG difficulty expert judge – a great honour for Australia.

During the latter part of the year the new Levels were introduced with the Stages National Program Manuals which suffered delays due to late changes to the FIG Code. Thanks go to Nicole Higham and Jo Edinger for their time, hard work and expertise and also to all those who assisted them.

2005 was a quiet year for international events with the Australian Youth Olympic Festival (AYOF) in Sydney in January for our junior gymnasts, a Malaysia v Australia Challenge in April in Brisbane and the trip to the World Championships in Azerbaijan with a short stop in Malaysia on the way to attend the Malaysian National Championships. They were a very young team, new to the international circuit who gained much needed experience from the competition.

Eliza Gower officially retired in 2005. Eliza Gower gave amazing service to the sport of Rhythmic Gymnastics not only in Australia but was a terrific ambassador for Australia overseas. Gymnastics Australia thanks her for her service to the sport and her country and wishes her well in her future endeavours beyond Gymnastics.

A FINE BALANCE:

Kimberley Mason pictured in action at the 2005 Australian Championships in Sydney.

GENERAL GYMNASTICS GYMSPORT REPORT

PETRINA HUTCHINSON - GENERAL GYMNASTICS PROGRAM MANAGER
NERINE COOPER - CHEERLEADING PROGRAM MANAGER

With a new Strategic Plan and two new Sport Management Committees, General Gymnastics and Kindergym were ready for a shake up. Surveys were sent out into the community to gauge how the members could be better serviced and to give a clearer picture of what General Gymnastics is. As a result of feedback, a number of initiatives were established or re-introduced.

The Aussie Gymfest and TeamGym Championships were again held as part of the Gymsport Spectacular in 2005. Audiences were entertained by eight local display teams as well as athletes from Nittaidai University in Japan and the Zhe Jiang Province Kinder Team from China. The combining of the first Aussie Gymfest performance with the Gymsport Awards brought together athletes from all Gymsports represented at the Spectacular. The reintroduction of Gymfest workshops gave the participants a wonderful opportunity to try new and exciting General Gymnastics activities, presented by local and International presenters.

Twelve General Gymnastics teams have registered to attend the World Gymnaestrada in Austria in July 2007, after gaining sanction at the Aussie Gymfest.

The Kindergym SMC has reintroduced the Kindergymagic newsletter, which is published quarterly. The newsletter assists in keeping all Kindergym Australia providers up to date, regardless of their

geography. A new look Kindergym passport, which was designed during 2005 from feedback received, will hopefully be of greater use to registered Kindergym Australia clubs.

Cheerleading spirit was also alive and kicking in 2005.

The year began with a great result from the first Australian team to travel overseas to compete in the Cheer Ltd International Cheer & Dance Championships in Myrtle Beach, South Carolina. The Australian team, made up of participants from 4 clubs (Acrobatic Fanatics, Fit2Cheer, KLD & Western Cheerleading & Dance Co.) pulled together to win Open Dance and Senior Recreation category.

The Down Under Spirit Championships conducted with event partner, DIR Down Under, on the Gold Coast in July attracted 293 competitors (17 teams) from New Zealand, Thailand, USA and Australia. Highlights of the event were performances by invited guests from Thai Cheerleading Association - Bangkok University, who placed 1st in all divisions entered.

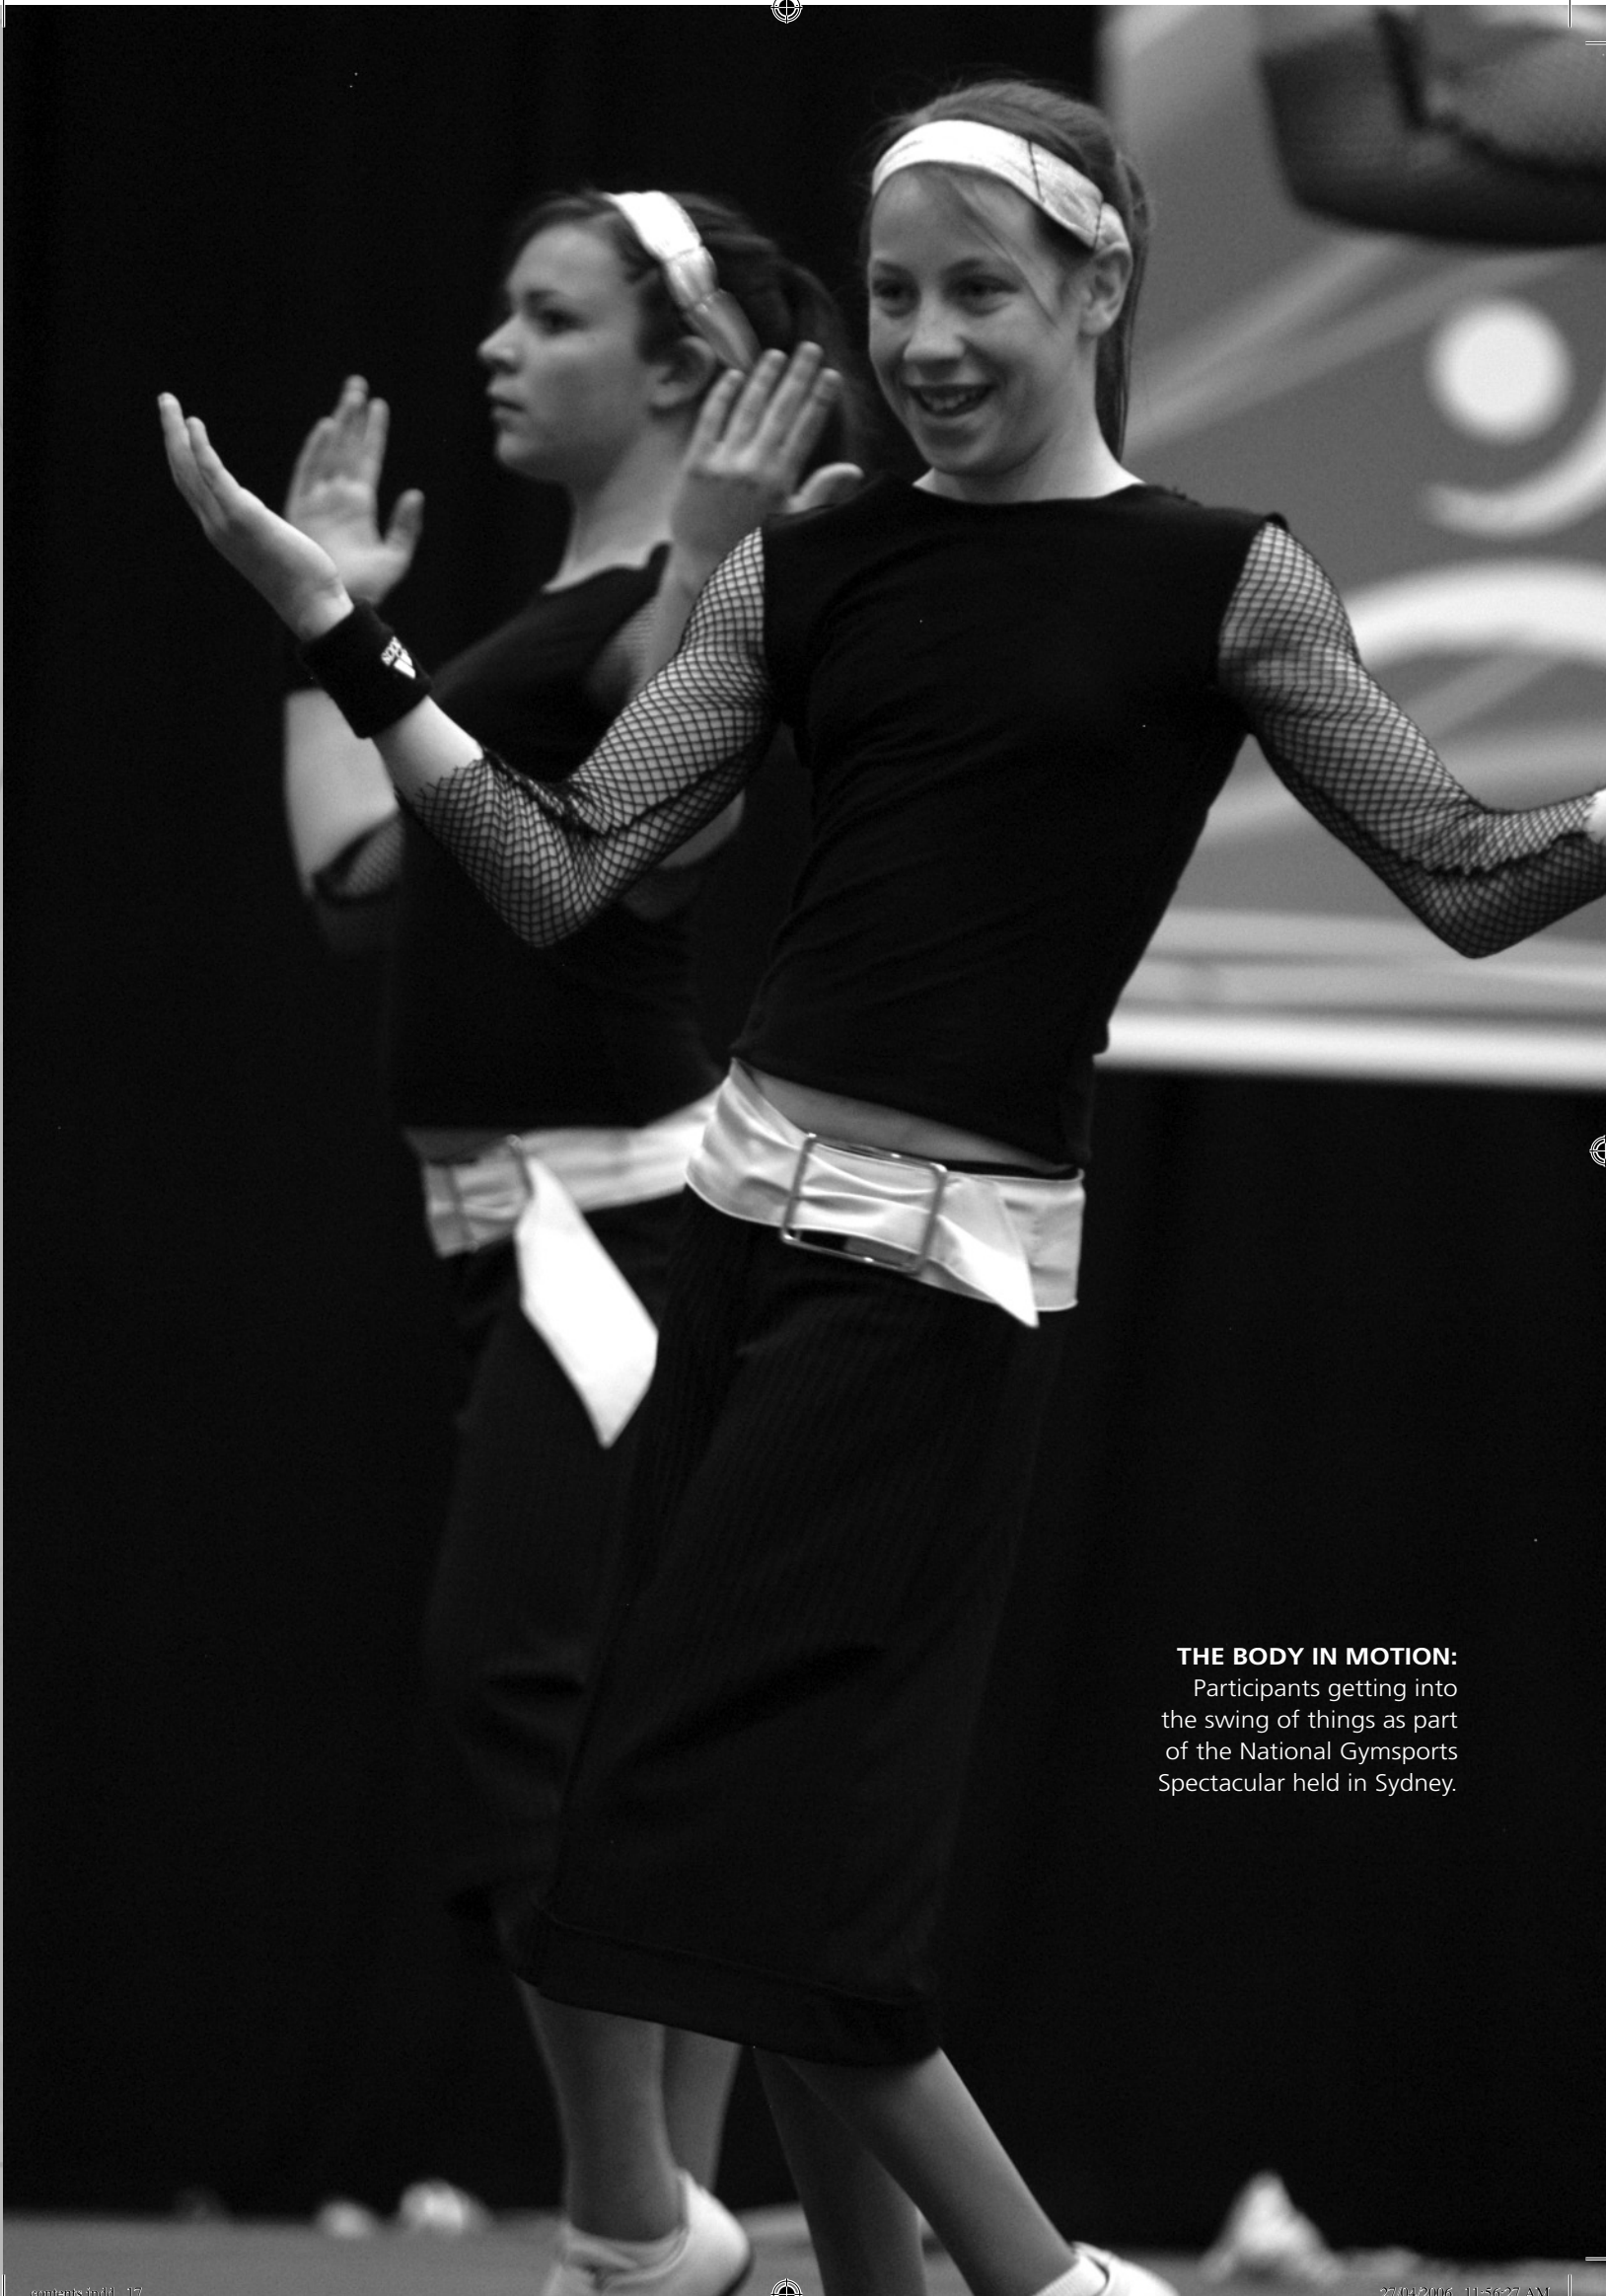

The Australian Cheerleading Championships were well attended with 654 competitors competing across 6 divisions. Following the Championships, sixty-five participants attended a two-day national training camp, with guest presenter from the United States Patrick Sanford.

Special recognition and thanks are extended to Margaret-Mary Opstelten for her tireless efforts spent on developing the excellent officiating programs for the Australian Cheerleading Championships and Down Under Spirit Championships.

The year ended on a high, with the Perth Stunt Team (WA) travelling to Thailand to compete in the Seacon Square National Cheerleader Championships held in Bangkok.

Our sponsorship continues strongly with cheerleading uniforms supplier, "Nacisey". Their high quality products are being well received in Australia.

The newly elected Cheerleading committee has been working steadily throughout 2005 to achieve outcomes in line with the 2005 – 2008 Strategic Plan. Thanks are extended to committee members Lyn Parker, Margaret-Mary Opstelten and Briony Tung for their hard work and dedication to developing cheerleading in Australia. A big thankyou also to the State Cheerleading Committees for their feedback, cooperation and ongoing support.

THE BODY IN MOTION:
Participants getting into
the swing of things as part
of the National Gymsports
Spectacular held in Sydney.

SPORT AEROBICS GYMSPORT REPORT

KARON WILLIAMS - TECHNICAL DIRECTOR

In 2005 the Sport Aerobics National Squad athletes continued their international success in Japan and the United States winning 3 Gold, 1 Silver and 1 Bronze medal. Kieran Gorman moved from Youth to Senior competition and was immediately successful winning a medal. He is an outstanding athlete with a great future in the sport. Martin Warren won a Gold medal in his first international youth competition at the ANAC International Aerobic Championships in Los Angeles. Australia is in the unique position of having 2 outstanding male athletes in a sport that is dominated by females. The Age Group 2 Trio, Eloise Kane, Samantha Rowney and Emma Davies also won Gold at the ANAC event.

In January the National SMC released the fifth AEROSkools kit available for sale to schools and clubs. This Aerobics participation program with an accompanying event structure, continues to attract hundreds of children into the sport.

In 2005 the State Gymnastic Associations were responsible for the management and running of the AEROSkools State Championships with Gymnastics Australia hosting the National Championships as part of the Gymsport Spectacular.

The National Squad Training Camp was held in Perth in January 2005. Anthony Ikin, Trudi Nurse, Jacque Beros and Karon Williams worked with each National Squad athlete to prepare them for team selection and international competition.

In September 2005 the Sport Aerobics National Championships were held in Sydney. The excellent organisation and management of this event was greatly appreciated by the athletes, coaches and spectators. The event also provided the opportunity for New Zealand athletes to compete against Australia's top athletes.

Special thanks must go:

- to the athletes and their coaches for their attendance at state and national events and their continued pursuit of excellence.

- to the judges for the many hours spent judging beginner through to elite athlete performances. Their commitment to the sport and to their ongoing professional development continues to amaze.

- to the State and National SMC members for their efforts in organising events, ongoing education and the promotion of the sport.

- to the staff at Gymnastics Australia and the State Associations for their guidance, assistance and support.

BEST FOOT FORWARD
Martin Warren shows the impeccable form that won him his first international medal - pictured here at the 2005 Australian Championships in Sydney.

TRAMPOLINE SPORTS GYMSPORT REPORT

CHUCK SMITH - TECHNICAL DIRECTOR

2005 was yet another busy but successful year for our athletes, coaches, judges and supporters. Every World Championship year is busy, but 2005 also marked the start of a new Code of Points, and the establishment of a National Training Centre.

The Australian Youth Olympic Festival (AYOF), held in Sydney on the 22nd of January, started the competition year early for the youth athletes. Up against teams from Canada, China, Japan and New Zealand, the Australians produced very competitive performances.

The judges also started working early, with two representatives for the Intercontinental Judges' Course leaving for Prague in the Czech Republic little more than a week after supporting the AYOF. Brett Austine and Nicole Vayro both did extremely well, with Brett achieving FIG Brevet 1 for Trampoline and Double-Mini Trampoline.

Gymnastics Australia hosted a Continental Judges' Course in Sydney in April. Candidates included nine Australians, five New Zealanders and one Finnish judge. The FIG representative, John Beeton, was impressed with the results achieved by all judges.

A long term goal for the community became a reality in early 2005 with the establishment of a National Training Centre for the Trampoline High Performance Program. Following a great deal of work by Gymnastics Australia and the South Australian Sports Institute, Trampoline now has a permanent, dedicated high performance facility based in Adelaide. The elite athletes now have access to modern high quality resources, facilities and support available at SASI.

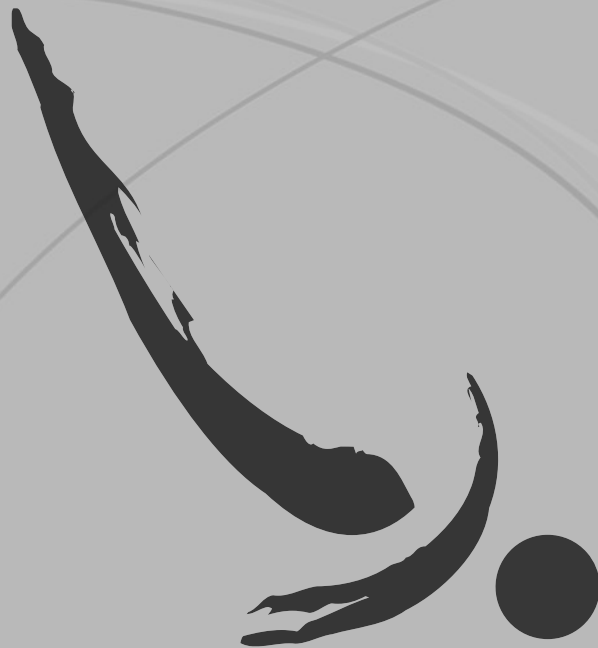

For the second year, the National Championships was held in The Sports Centre at the Brisbane Entertainment Centre, Boondal; a venue which has set the benchmark for facilities and appeal. At this year's competition, Australia was pleased to host teams from China and New Zealand.

With a list of achievements few could hope to match, including the title of Australia's first Female Trampoline Olympian, Robyn Forbes retired from competitive Trampoline. Congratulations Robyn on an exceptional career!

Further strengthening ties with China, a Chinese team competed at the 4th National Club Levels Championships held in NSW, joining athletes from Perth, Melbourne, Adelaide, and Cairns.

Australia was again represented by a strong team at the World Championships and International Age Group Competition, held in Eindhoven, The Netherlands, in September. Ten Australian athletes competed in the World Championships, with 38 athletes contesting the Age Group competition. Amongst increasingly strong competition from around the world, Australia's Madeleine Johnson won a bronze medal in Individual Trampoline.

A busy year for everyone: athletes, coaches, judges, officials, parents and supporters. Thank you to all who put in that extra effort to make it a rewarding year. It's easy to see why Trampoline Sports just gets better each year.

THE SKY IS THE LIMIT:
Synchronised Pair, Viktor Zhuravlev
and Ji Wallace in action at the 2005
World Trampoline Championships In
Eindhoven (NED).

SPORTS ACROBATICS GYMSPORT REPORT

ANDREW SABA - TECHNICAL DIRECTOR

In 2005, Sports Acrobatics had a new Sports Management Committee which was committed to drive the sport to new heights in the 2005-2008 cycle. Significant changes have been implemented for the gym sport and substantial effort has been provided to ensure the adoption of these changes have allowed for a reasonably smooth transition nationally.

This new cycle has seen the introduction of new resources, regulations and policies including the FIG Code of Points, FIG Tables of Difficulty, and amendments to both of the preceding documents, GA Technical Regulations, GA Competition Handbook, GA Selection Policy and Judges' Courses. The SMC has facilitated the majority of these changes through dedicated technical bulletins and memos with judges updating sessions, providing clarifications where required, being held in most states.

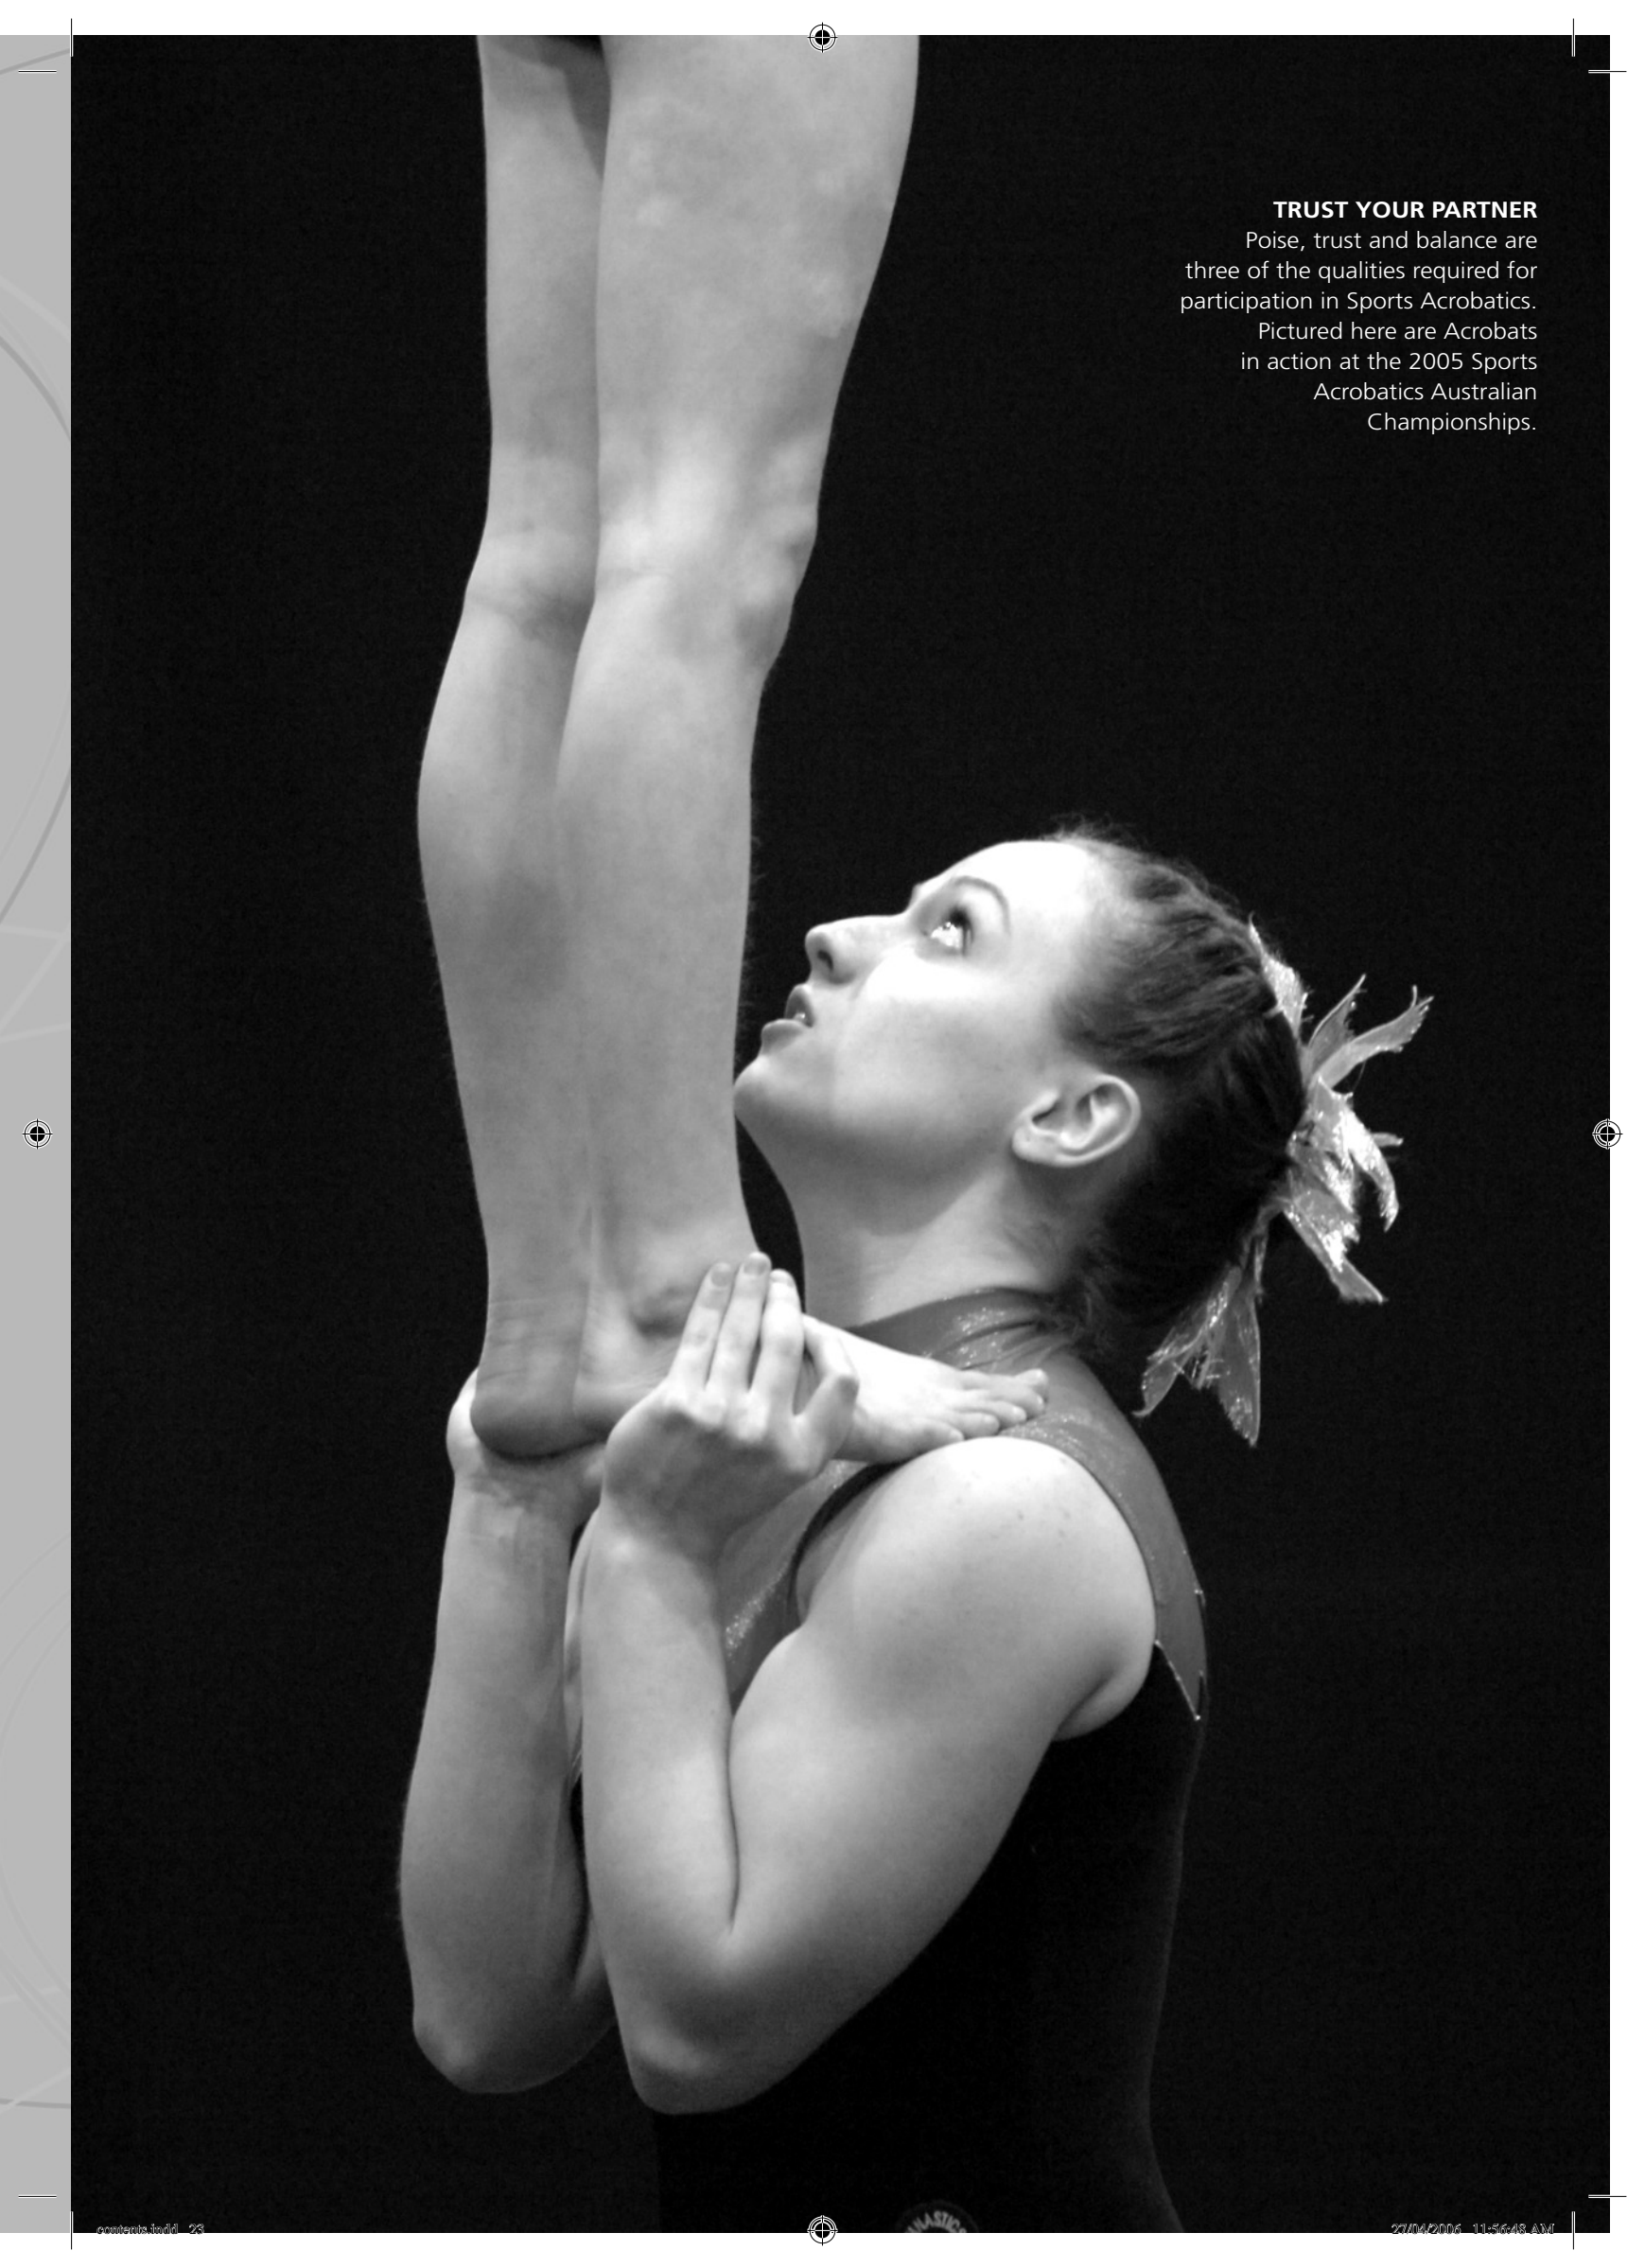

Two judges, Pamela Ryan and Amy Jennings, attended the Inter-continental Judges' course in Germany in February 2005. Reports received indicated the significant changes, specifically to the Code, were a challenge to all. Many gruelling days faced the judges with strong results being the outcome.

August also provided a challenge with the 1st FIG Continental Judges' Course held in Brisbane. Incorporated in this course was the National Level 3 Judges Course. On completion of these courses, stronger understanding of the new Code was instilled in all who attended and was then directed back to the rest of the community. Thanks are extended to Course Presenter Tonya Case, Vice President FIG Sports Acrobatics Gymnastic Technical Committee for her commitment to the continued development of Australia's judges.

The successful Sports Acrobatics Australian Championships were held as part of the Gym sport Spectacular in September 2005. The ever strengthening quality of the performances was presented to the many spectators providing entertaining and spectacular elements, some of which have not been seen in Australia before. With an improving FIG and Level 3 judges base, work is continuing towards 2 panels for the higher levels aimed at providing a more streamlined competition.

Following the Australian Championships the National Selection Committee announced the national squad members for 2005. Included with the seniors are the new junior International Age categories 12-19 years and 11-16 years. This resulted in the selection of a combination of 9 Pairs/Groups across the categories providing Australia with dedicated, talented athletes enthusiastic about representing Australia at international competitions.

Veronica Gravalin, the partner of Tara Busbridge and Jessica Stamenovic the Silver Medallists Women's Group from the 2004 World Championships, has retired and taken up a position with the renowned Cirque du Soleil. We wish Veronica all the best for her future endeavours.

TRUST YOUR PARTNER

Poise, trust and balance are three of the qualities required for participation in Sports Acrobatics.

Pictured here are Acrobats in action at the 2005 Sports Acrobatics Australian Championships.

GYMNASTICS AUSTRALIA BUSINESS & SERVICES REPORT

MATT CONNELL - BUSINESS/SERVICES MANAGER

In 2005, the Business and Services units combined to provide a range of programs aimed at delivering tangible benefits for all members of the gymnastics community.

The National Insurance program negotiated by Gymnastics Australia, continues to provide affordable insurance cover in the areas of personal accident, professional indemnity/public liability and associations' liability.

Throughout 2005, GA has continued to focus on the management of risks within our sport, with the successful launch in May 2005 of the Managing the Risks of Coaching (MRC) resource and the continued revision and upgrade of the Club 10 Program.

The National Membership program continues to grow with increases recorded in 2005 across all membership categories. These increases are no doubt due to the publicity and promotion surrounding the 2005 World Gymnastics Championships in addition to the benefits on offer to affiliated clubs through the Club 10 program.

Whilst Technical membership numbers remain healthy GA looks forward to rolling out on-line technical membership renewal and education in the years ahead, in an effort to increase the number of technical members and encourage their ongoing professional development.

Work continued throughout 2005 on improving both the integrity and efficiency of the sports National Membership database. This included the phase out of the Club Database Program and the offering of incentives for clubs to take up the Gymnastics Online (GOL) program. Over 300 clubs are now using the GOL program to register their members.

The hard work of Ben Kerswill, Rachael Herdman and Suimaí Hare in servicing our National Membership program is much appreciated.

The Club 10 program continues to offer affiliated clubs an insight into their operations and provides clubs with a roadmap for continuous improvement. Throughout 2005, substantial work was undertaken on the reviewing of the Club 10 checklists and the associated audit procedures in order to streamline the process. Thanks are extended to Brad Edwards, Nerine Cooper and the team of State Club 10 officers for their work in this area.

Interest in Gymnastics Australia's programs and resources continued in 2005, with licence agreements struck with both the Malaysian and Singaporean Gymnastic Federations. It is clear that GA's intellectual property is highly regarded and continues to provide income streams and opportunities for exchange with neighbouring Federations.

With the ASC's Targeted Participation Program now completed, Gymnastics Australia has secured one-off funding to package the GYMSkools program for clubs. To be launched as a Club 10 benefit, the program will offer clubs a step by step guide and resource material to establish a school-based gymnastics program.

2005 also saw a major review of Gymnastics Australia's Education and Training program for coaches and judges. The task of reviewing the current program and seeking feedback was a major undertaking. Add to this the desire to move aspects of the program to an on-line environment and the enormity of this task. With the review complete, the task of re-writing materials is now underway.

Thanks are extended to Linda Pettit for her continued work and foresight in this area.

There is little doubt that the hosting of the 2005 World Gymnastics Championships by Gymnastics Australia, took up a great deal of energy and staff time throughout the year.

Work undertaken by Gymnastics Australia to launch a new "public face" to its web site and simplify the Club Search function ensured that all interest generated as a result of the event was channelled directly to affiliated clubs. In parallel, the tireless efforts by clubs to work through the Club 10 program and perseverance to continually improve their levels of service and operation has ensured that the sport has been well prepared to deal with the renewed public interest in our sport.

The challenge ahead is to retain these new found levels of momentum and drive the sport forward through the provision of best quality program, products and services. Gymnastics Australia looks forward to meeting this challenge.

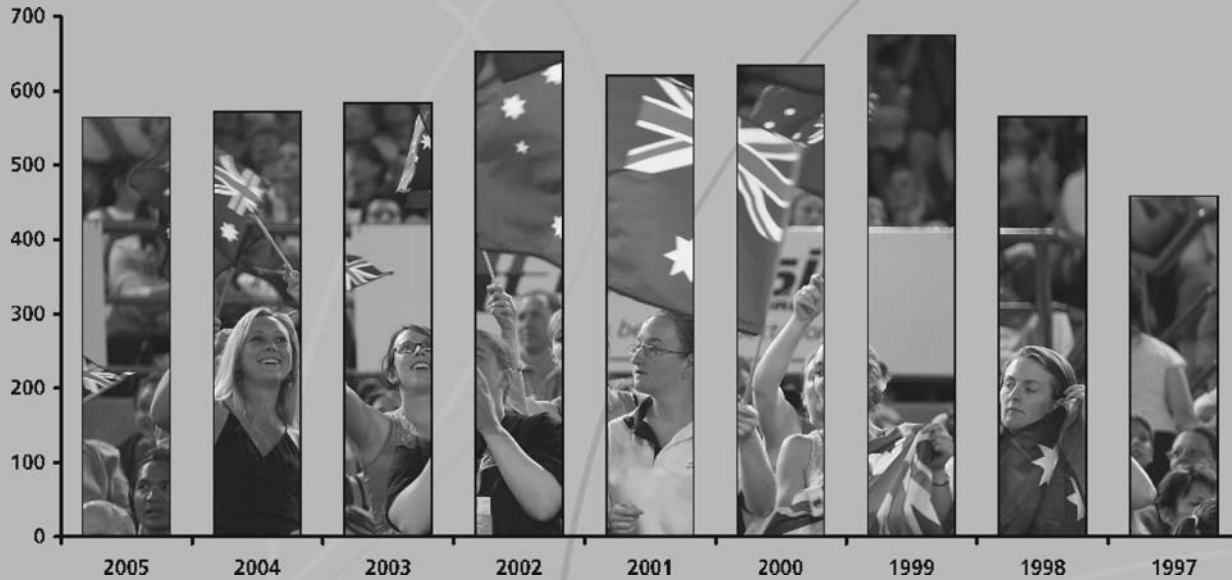

THE SMILE SAYS IT ALL:

Olivia Vivian proudly finishes her Uneven Bars routine at the 2005 World Gymnastics Championships - her first major international event.

GYMNASTICS AUSTRALIA EVENTS REPORT

SHAUN DOYLE - EVENTS MANAGER

2005 proved a hectic year for the GA Event team as the planning for the World Championships came to an end and the operational phase began. As the momentum built towards November, the event team was stretched to the limit also ensuring the national event calendar was delivered to the members.

As part of the agreement with the Melbourne 2006 Organising Committee, Shaun Doyle was seconded to M2006 whilst still working on the World Championships as Championship Director. Helen Colagiuri accepted the offer to join the GA Event team to assist in the delivery of the event program. Matt Connell, Russell Smart and Ben Kerswill also played major roles in the event delivery in 2005 as all roads led to Melbourne in November.

The Australian Championships for Men's and Women's Artistic and Rhythmic Gymnastics were again staged in May at the Sydney Olympic Park Sports Centre, Homebush. Over 600 athletes competed in the event in the two week period and gave GA the opportunity to showcase Australia's best gymnasts as well as future stars.

As this was the second year of the event in Sydney, a review of the program was conducted by the gymsports involved. As a result there will be major changes to the program in 2006 – the most significant being that Men and Rhythmic will combine their programs in the second week of the championships.

The annual Awards Dinner was again held in the middle of the Championships with over 900 athletes, coaches, officials and family members attending. The night was a great success with all recipients of the National awards recognised for their efforts in 2004. The evening also gave the community a preview of what to expect at their forthcoming 2005 World Championships and 2006 Commonwealth Games.

The Trampoline Sports Australian Championships were held in June at the Brisbane Entertainment Centre (Sports Centre) for the second year attracting over 300 entries. A new competition format was introduced by the SMC and this proved to be very successful for the event. This new format will be carried forward for future National events.

Cheerleading events continue to prove popular for the members with the Down Under Spirit Championships held on the Gold Coast in July. This event attracted over 300 entries and welcomed international representatives from USA, Thailand and New Zealand. The location and atmosphere of this event continues to be one of the favourites of the cheerleading community.

Gymnastics Australia, in conjunction with the 2005 World Championships Organising Committee, staged two competitions in July against the Chinese Men's and Women's national team. These events held in Canberra and Melbourne not only assisted the preparation of the national team but also provided valuable promotion, media exposure and an official ticket launch for the 2005 World Championships. The Melbourne event held at the Melbourne Sports and Aquatic Centre attracted sell out crowds over the two nights.

Gymnastics Australia's second major domestic event the National Gymsport Spectacular was held again at the Sydney Olympic Park Sports Centre, Homebush. Over 1600 participants competing in Sport Aerobics, Sports Acrobatics, Cheerleading and the Aussie Gymfest made this event the biggest and best of the event calendar. Good crowds enjoyed the performances and the professional presentation of these four gymsports.

The year closed with the 2005 Artistic Gymnastics World Championships staged at the Rod Laver Arena in Melbourne. This event took three years to plan and proved to be an outstanding success for the Organising Committee. Over 300 of the best athletes in the world came to Melbourne from 53 countries and provided a fantastic display of world class artistic gymnastics. Over 300 volunteers provided the manpower to drive this event and Gymnastics Australia is once again indebted to the gymnastics community for their invaluable support.

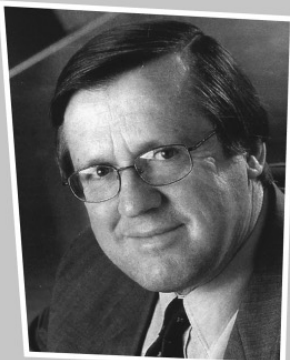

Finally, thanks are extended to the National Sports Management Committees, State Associations, clubs and volunteers for their continued support in staging national events. 2005 will be a hard act to follow.

2005 ARTISTIC GYMNASTICS WORLD CHAMPIONSHIPS

An Open Letter from the Chairman of the 2005 World Gymnastics Championships Organising Committee - Murray Chessell.

Dear Friends,

I wish to thank all those who contributed to the wonderful success of the World Championships last November.

- Over 300 volunteers – perhaps the biggest and best group ever assembled by GA – gave freely of their time and energy to provide warm and friendly assistance and real gymnastics know-how, to ensure that our visitors got a taste of our enthusiasm for and enjoyment of gymnastics in Australia. The gymnastics family has never let us down and on this occasion they were simply magnificent, – thank you.*
- The generous financial support of the Victorian Government was crucial to the undertaking, and the continuing interest and involvement of the Sports Minister – Justin Madden, and his department was most helpful. Important assistance was also provided by Tourism Victoria, Victorian Major Events Company and the City of Melbourne, all of whom were represented on the organising committee. Their advice and promotion were outstanding.*
- I am most grateful to all our sponsors for their valuable financial support, especially to our presenting sponsor EnergyAustralia, and our major sponsors: Longines, Malaysia Airlines and Acromat. Their commitment not only enabled us to present a world class event, but provided GA with a financial legacy for the sport.*
- The Seven Network provided first class coverage, showing over eight hours of prime time national television coverage in Australia and providing the host broadcast feed for the International networks. Seven's promotion was important in the lead up, and their presentation of the event was a wonderful boost for the sport.*
- The International Gymnastics Federation (FIG) provided knowledgeable advice and assistance from the award of the event until the closing ceremony.*
- Event CEO Jane Allen and the staff at GA embraced the event from the outset and worked tirelessly to ensure that every aspect of the organisation was prepared and delivered at the highest level. Jane's experience, skills, leadership and plain hard work were the greatest single contributors to the success of the event, but Matt Connell, Shaun Doyle and Russell Smart also deserve special mention. Jane and her entire team at GA are entitled to take much satisfaction from the highly successful conclusion of this major undertaking for GA.*

Finally, I thank the many gymnastic supporters who turned out in force to enjoy the event. They provided the best athletes in the World with a warm welcome and a wonderful atmosphere as they battled for World honours. Our supporters can take some of the credit I think, for the best performance of her life by Monette Russo as she created Gymnastics history as Australia's first All Around medallist, providing a fitting end to a truly memorable event.

**MURRAY CHESSELL
CHAIRMAN

MELBOURNE

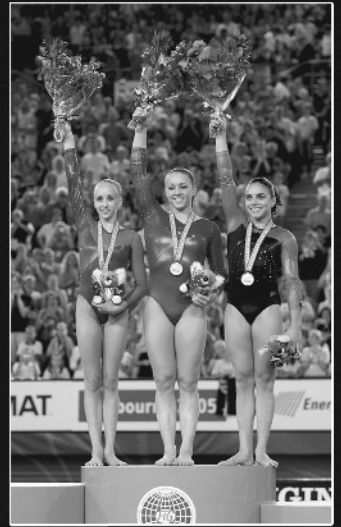

KEY EVENT MILESTONES

- World class gymnastics showcased in the magnificent Rod Laver Arena.
- Over 700 international athletes and officials from 53 countries in Melbourne for 13 days
- 40,000 spectators providing an exciting and inspiring atmosphere for the best athletes in the world
- Eight hours of prime time national television coverage
- Over 300 volunteers outfitted in smart and recognisable uniforms servicing the event in a warm and friendly manner
- A memorable Opening Ceremony being conducted in the grand ballroom of Victoria's historic Government House
- The competition being conducted in a first class manner befitting a world championship
- A professional promotional campaign conducted over 12 months culminating in outstanding ticket sales and media coverage

- Opening the two weeks of the World Championships by breaking the World Handstand Record in front of Rod Laver Arena. This outstanding community promotion involved 45 clubs and over 2000 participants.
- The official World Championship website during the month of the event having 72,448 visitors and over 3 million hits.
- Four training gyms built in the Vodafone Arena and indoor tennis courts providing outstanding training facilities for the athletes
- All athletes and officials accommodated within 30 minute's walk to the venue
- An efficient and dedicated transport shuttle, operating for 12 days, which connected the hotels and competition/training venues
- An Australian gymnast winning our country's first All Around World Championship medal
- The event delivering a successful financial outcome for Gymnastics Australia

SOARING HIGH:

Joshua Jefferis equals Australia's best finish in a World Championships from a Men's Artistic gymnast by placing 19th in the All Around Final.

The Organising Committee of the World Gymnastics Championships thanks its official partners, sponsors and suppliers for their valuable support.

GYMNASTICS AUSTRALIAN CAPITAL TERRITORY

BOB WEIGHT - PRESIDENT

NADINE WEIGHT - EXECUTIVE DIRECTOR

Gymnastics ACT (GACT) is currently in Year 2 of its current Four Year Strategic Plan and is on track to achieve all of its key outcomes for the period.

The Association has retained its triennial funding arrangements with the ACT Government's Department of Sport and Recreation. This arrangement remains the major factor that allows the Association to deliver the majority of its member programs.

2005 continued on from the busy 2004 year with GACT conducting MAG National Clubs, Reach for the Stars and the first Trampoline state titles on top of the normal round of state competitions.

The management of GACT remains the responsibility of the Committee and we have retained the single paid office arrangement, which makes best use of the available funds.

Accordingly, volunteers remain a key element of the management team. A revised Volunteer Policy was developed and will be implemented during 2006.

The Association has formed two Focus Groups within the Committee to make best use of the available resources and to provide a better focus on the implementation of the Operational and Administrative elements of the Strategic Plan.

GACT has continued with the Joint Technical Committee arrangements in recognition of the limited resources within the ACT.

The GACT office moved out of the Holder facility (leased to GACT) back to ACT Sports House.

GACT initiated a major review and update of its Constitution (in line with GA's constitution review) and its policies and procedures. This will be completed during 2006.

The establishment of an ACT MAG HPC was a major highlight for the year. The MAG HPC was the most significant new initiative for 2005.

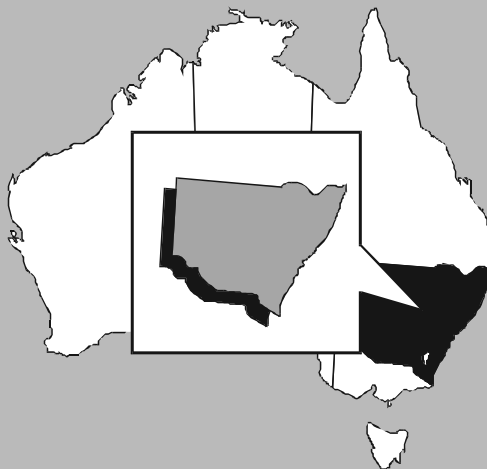

Trampoline Sports was given a significant boost during 2005 with three clubs providing programs and with the state championships being held at the AIS in conjunction with the Reach for the Stars competition.

A new club, Rollers Gymnastics, affiliated with GACT bringing the number of clubs in the ACT to 6.

The Club 10 officer, Mary Hewett, stood down from her position in late 2005 and the Executive Director has now assumed this role.

Mary's commitment to the Club 10 philosophy and its implementation has ensured that the management of the Club 10 program within the ACT has a very sound basis and the changeover was very smooth.

The major clubs are continuing to develop their policies, procedures and infrastructure to improve their Club 10 ratings.

GYMNASTICS NEW SOUTH WALES

DON BOLLARD - PRESIDENT
AARON BLOOMFIELD - EXECUTIVE DIRECTOR

Communication, promotion, human resources, risk minimisation and planning have been the focus, during what has been a very successful year for Gymnastics NSW.

Development and implementation of a comprehensive business plan, a staff review program with links to the business plan, a MAG high performance plan for the state program, induction documents for the board, sports management committees and regional committees have ensured that the Association has planned for success.

The weekly online 'Flic Flac', a disk yearbook containing all relevant policies, a website upgrade, the implementation of an IT solution to allow administrative flexibility, and the implementation of board reports to the community have enabled effective communication with members.

The implementation of a competition sanction program, the ASC member protection policy, manual handling of funds policy, a new bylaw regarding the duties of office bearers, and the ongoing review of the Association's regional structure will ensure that the Association's risk is minimised and that member safety is increased.

Staffing has been a key focus and GNSW have expanded its capacity to provide a service to members by employing new officers in the areas of: Public Relations, Marketing and Events; Education; Events and Sports Development; Development; Business Development and Club 10; and Office Administration.

A greater emphasis upon marketing and promotion has seen media releases sent to papers, media contact lists compiled, the purchase of new banners, the implementation of a new affiliation handbook and a general improvement in the quality of publications.

GNSW has positioned itself financially to achieve these outcomes by increasing NSW government funding by \$20,000 for each of the next three years, by negotiating training programs with a financial incentive for the Association, by implementing a flat fee system of registration, and by increasing sponsorship and in kind support of approximately \$10,000.

On the sporting field Prashanth Sellathurai made the finals on Pommel during the 2005 World Championships, three NSW athletes qualified for the 2005 Rhythmic World Championships, the state MAG High Performance Program performed exceptionally at the National Championships, and all gymsports recorded wonderful results at their respective national championships.

On a committee level Pamela Behan was welcomed as the new Sports Aerobics Chairperson, John Hendry as the new Trampoline Chairperson and congratulations were extended to Don Bollard for being elected to the Gymnastics Australia Board.

A combination of a dedicated staff, board, sports management committees, regional committees, and volunteers has combined to ensure that 2005 was a successful year and it is a privilege to thank all people involved for their contribution.

Gymnastics NSW is a dynamic organisation that, despite its limited time and limited finances, is characterised by an unlimited capacity to evolve, to change, to investigate new opportunities and to push boundaries. GNSW is comprised of a small staff, a dedicated team of volunteers and approximately 30,000 members we are all Gymnastics NSW, a place where we work hard, a place that we enjoy, a place that is dynamic and flexible, a place that is vibrant and active, a place where you can experience 'Fun, Fitness and Friendship'.

GYMNASTICS NORTHERN TERRITORY

GILLIAN FURNISS - PRESIDENT

Welcome to Gymnastics Northern Territory (GNT).

Striving to achieve the ultimate in participation for the community GNT aims to provide a safe and happy environment for the gymnasts to aim for the highest levels.

GNT offers most disciplines at various clubs and is aiming to continue to stay focussed on the health and well being of the participants.

The Board of Management changed at the AGM in September, and for the first time in many years there is a full Board in the NT.

Many plans are in place to improve and enhance participation across the gymnastics.

The year started with the Arafura Games hosting the Rhythmic Gymnastics competition. This was very well attended and exposed gymnastics at the elite levels to many Territorians.

State Championships were successful and Anne Bigham accepted an invitation to oversee the judging of the WAG competition. Her expertise and input assisted all judges and it is hoped this will become an annual event.

In 2006 it is hoped that a Sports Acrobatics representative will come to oversee our competition. On a rotating basis the NT will strive to achieve the best professional development for its coaches and judges.

There were many trips away with great success. At the Sports Acrobatic National Championships in September, the GNT Trio from Alice Springs won Gold.

At the Reach for the Stars competition in November the Darwin Gymnastics club won Gold in MAG levels 4 and 5.

The Northern Territory, although small, is starting to show fabulous results with two gymnasts being selected to trial at the AIS in Canberra.

Research was conducted by the Board as to the viability and feasibility of starting an International levels program in NT.

A trial was started within one of the clubs and after time and a trip to the AIS, it was realised the NT is not quite ready to step up to this challenge.

Cheerleading and Trampoline are slowly emerging and it is hoped that this will successfully continue.

With no designated Club 10 officer in 2005, GNT struggled to assist the Clubs.

GNT will address this and club delegates have been selected to liaise with the development officer with the view to addressing the needs of clubs and facilitating assistance in 2006.

GYMNASTICS QUEENSLAND

GRAHAM CAREY/KEN MATHERS - PRESIDENT
WAYNE HILL - EXECUTIVE DIRECTOR

The untimely passing of Graham Carey, President for 8 years, marred a successful year for Gymnastics Queensland (GQ). His contribution to gymnastics in Queensland and Australia will be sadly missed. Graham, who presided over some difficult times in GQ, would have been proud that his vision and leadership has seen the organisation recover to the vibrant and successful entity it is today, and especially its improved service to the grass-roots gymnastics community.

Growth in membership, event and education participation, and profitability were highlights of 2005 for GQ. However, the successful launch of the special initiative program, Active Bods, and its enthusiastic acceptance by Clubs was the standout achievement of the year.

Throughout 2005, the Strategic Plan became the hub of all activities, as Board, management, staff and SMCs focused on achieving the 5 identified KRAs. Membership increased by 15% to 24,991. GQ convened 48 education courses attended by in excess of 700 participants, commencing with a highly successful Congress.

The club services area, including Club 10, saw a stronger focus of servicing members. GQ was again delighted at the enthusiastic response from the children in 7 trips to remote areas of Far North Queensland.

Throughout the year, GQ conducted 76 events for 6,361 participants. The combined MAG/WAG/RG Senior State Championships included an International Challenge against Great Britain, Ukraine and Malaysia.

GQ also hosted, in conjunction with Gymnastics Australia, National Trampoline Championships and WAG National Club Championships. State Championships for all sports were well attended and thanks are extended to the host clubs. The "free" publicity from these competitions successfully showcased the sport. The Artistic World Championships and the Commonwealth Games created great excitement and GQ congratulates GA on the professional conduct of these events.

Many athletes, coaches, judges and officials are to be congratulated on excellent achievements throughout the year. Queensland was well represented in the international arena and performed well in National Team events. There is no doubt that the public has warmed to the performance of the elite athletes. The support of the Queensland Academy of Sport and Gymnastics Australia has been invaluable to GQ's elite program.

Active Bods Flip and Shout programs were successfully launched in 2005. Thanks to Sport and Recreation Queensland for its support of this special initiative program.

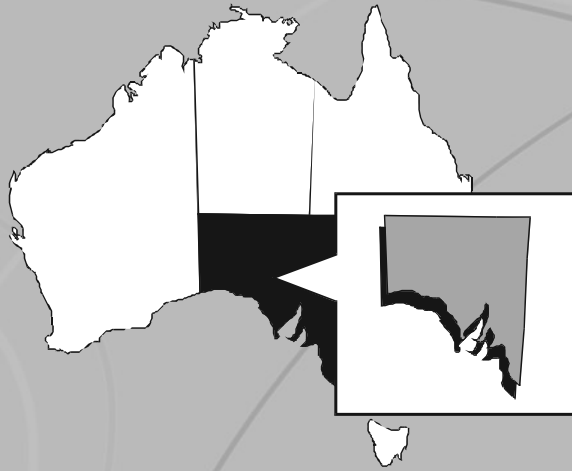

Reaction from clubs, coaches and schools has been most encouraging, and GQ looks forward to rolling out other programs in 2006.

The clear strategic direction, leadership and innovation of the Board are greatly valued. The staff members have worked as a team and focussed on implementing the directions given by the Board, as have the SMC committees which have commenced to implement operational plans and also networked in a positive manner to grow their respective sports and Gymnastics as a whole.

The thrust for ensuing years is to further develop the quality and employment opportunities for coaches through education, mentoring and programs, which will enhance employment opportunities. Linking these courses to tertiary institutes will create an environment where more coaches can receive full time employment and be recompensed accordingly.

GQ aims to focus on participative gymnastics through Active Bods, with the ultimate aim of gymnastics becoming a core subject within the Queensland education system.

Nothing is possible without the strong and united support of the affiliated clubs, committees, administrators, coaches, judges, officials and volunteers. GQ thanks them all.

GYMNASTICS SOUTH AUSTRALIA

GRANT HARRISON - PRESIDENT
PHIL SINNOT - EXECUTIVE DIRECTOR

The year 2005 has seen Gymnastics SA grow and sustain its reputation as an important multi-sport organisation, which delivers a diverse range of Gymsport activities to varying age groups across South Australia. GSA has seen a steady growth and improvement to the initiatives, programs and services, which is a testament to the passion and commitment shown by the dedicated Board, Sports Management Committees, Staff, Clubs and Members.

On behalf of the GSA staff, thanks are extended to the club coaches, administrators, volunteers and athletes who offered their resources and time to support the Association's initiatives, events and activities throughout the year.

During the year GSA has seen very good results from its athletes. Special congratulations are extended to Sam Offord (Mens Gymnastics) Emily Sharp (Sport Aerobics) Viktor Zhuravlev, Scott Brown and Ben Wilden (Trampoline Sports). Congratulations to Laura Hester who was awarded the SA Sports Star Special Olympics Athlete of the Year.

A comprehensive events calendar saw over 300 athletes and approximately 800 spectators attend the Combined State Championships. The Country Championship continued to be a success attracting a record high 205 participants. General Gymnastics staged the 2005 Masters Games and introduced

the inaugural General Gym-a-thon event. The focus on Education Services remained strong. Approximately 230 Technical Members enjoyed a variety of 33 Gymsport workshops at the Coaches' Congress.

The Club 10 Program continues to be an important focus for clubs, with 85% of clubs working through the program achieving a Star 2 or above accreditation. Congratulations to Bordertown Kindergym which was awarded a Club 10 Development Grant for the Club's management initiatives and its commitment to club development and quality improvement.

During 2005 the Office for Sport and Recreation provided funding to GSA to launch the TeamCHEER program and appoint a Cheerleading Project Officer to develop club and school participation in this emerging and exciting Gymsport. 2005 also saw the formation of the SASI Aerial Sports Program – a joint venture between the South Australian Sports Institute, Gymnastics Australia and Gymnastics SA. The partnership with SASI involves re-establishing SA as a nationally recognised MAG High Performance Program and establishing the Trampoline National Training Centre in Adelaide.

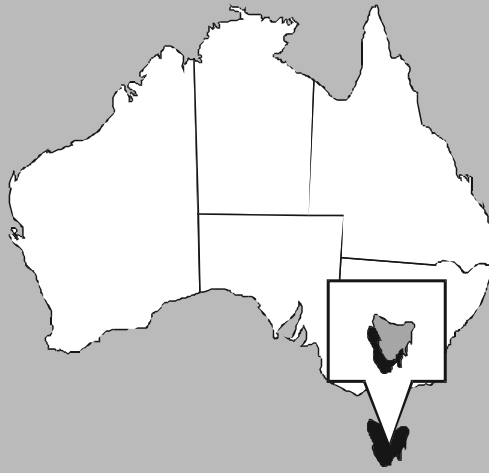

Congratulations to Teresa Evans who was appointed Chairperson of the National Rhythmic SMC and awarded FIG Brevet 1 Rhythmic Judging accreditation, Heather

Mooney who was appointed as a member of the National General Gym SMC and awarded the National Kindergym Leader Award, Paul Szyjko who received a GA Award of Merit, Yu Bo who received the National Coach Encouragement Award, Jacqui Dunn who was recognised on her retirement and Charmaine Maher who received an SA excellence in Sport Award - all outstanding achievements.

GSA's appreciation goes to the Board of Management for its willingness to voluntarily share its expertise and time for the benefit of the Association and key stakeholders. GSA also thanks the team of volunteer Sports Management Committees, who not only contribute to the strategic management of their Gymsports, but also offer their professional and technical expertise to the delivery of quality Gymsport competitions and events.

Sincere thanks to the Gymnastics SA staff who show passion and dedication to the continuous improvement of the Sport in our core service areas of Club and Membership Services, Participation and Development, High Performance and Events.

In closing, GSA sincerely thanks and acknowledges the financial and in-kind contributions provided by the Office for Recreation and Sport, the South Australian Sports Institute and its corporate sponsors for their continuing support throughout the year.

GYMNASTICS TASMANIA

SUE HOPE/MARK MONCUR - PRESIDENT

The 2005 AGM saw some changes to the Gymnastics Tasmania (GT) board. President Sue Hope unfortunately had to resign towards the end of the year to concentrate on more important health issues. Sue will be greatly missed along with the huge amount of voluntary work she put into the Association.

GT would like to thank Gaylene King for her outstanding efforts with the administration. Gaylene's experience and knowledge will be needed in the next year to cover the departure of Sue Hope.

Nicole Colev has done an outstanding job as Club 10 Officer, not only developing relationships and assisting with club development, but has had invaluable input into other areas of the Association.

Nicole has continued to develop her role as Club 10 officer this year with strong support from the clubs. Tasmania has 1 club applying for Star 5 status with 2 other clubs working strongly towards Star 4 status.

2005 also saw another first for trampolining in Tasmania, with Jack Penny becoming the first Tasmanian gymnast to receive a Tasmanian Institute of Sport scholarship. Trampoline Sports had other great results at Nationals with a growing team, a great reward for those dedicated people in this state.

In 2004 GT began negotiations with the Police and Citizens Youth Club (PCYC) and in 2005 developed an agreement that has already increased the number of PCYC's registering with Gymnastics Tasmania, with more PCYC's and gymnasts expected to come on board in the future.

Working towards a state gymnastics facility has progressed well with the Federal Government committing \$1million to the project.

Land has been located and GT is currently working with the State Government and the Kingborough Council for the remaining funds. The proposed facility will provide for Tasmania's top gymnasts and also provide for all levels of gymnastics with a purpose built early learning centre.

To the Gymnastics Tasmania Board, sports management committees, members, volunteers and staff, thank you for your tireless work and efforts throughout the past year.

GYMNASTICS VICTORIA

GEOFF SUSSMAN - PRESIDENT
JANE FARRANCE - EXECUTIVE DIRECTOR

2005 was a major milestone in the history of Victorian gymnastics - the World Championships were held in Melbourne with Monette Russo winning Australia's first individual all around medal: bronze.

The television coverage was huge, at prime time and with great ratings. Gymnastics received promotion as never before, so we wait to see if it translates to membership numbers in 2006.

Gymnastics Victoria's (GV) long standing President of 19 years has retired for a well earned rest. Geoff's leadership and support of gymnastics is legendary; he will be greatly missed. GV farewells Geoff and welcomes John Higgins who has taken up the role of President until the 2006 AGM.

The work done this year by seven SMC's has been outstanding with every one of the competitive sports showing growth and strong development.

All competitive sports are placing emphasis on developing both the quality and number of judges. This focus will continue into 2006.

General Gymnastics continues to be the backbone of the sport. The promotion of gymnastics as the basis for all sports is certainly strengthening this gymsport.

Gymnastics Victoria is focussed on supporting current and new clubs and also on developing larger clubs to expand into new areas, particularly the high growth regions.

The World Championships, held in this state with so many Victorian volunteers taking active roles, was the clear highlight of the year.

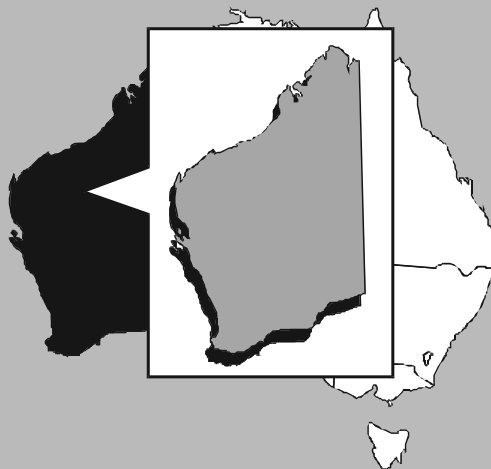

The World Record Handstand attempt preceding the World Championships, took on a life of its own involving young and old from across Victoria. Clubs worked with clubs and sports with sports, creating a positive 'gymnastics community feel' to the event. Well done to Brad Edwards and Fiona Stott for co-ordinating the event. It was a great success setting a new world record of 2402 handstands being performed simultaneously.

The hosting of the Rhythmic National Clubs Championships was a specific focus for the year for RG and thanks are extended to those who assisted with this event. The 'Aussie All Stars' invitational was a great lead up to the National Clubs.

Club 10 is very strong with 87% of clubs on or above Star 2 with a number of clubs working to gain higher accreditation in 2006 and most clubs aiming to develop a strong Club 10 program within their club

Gymnastics Victoria has concluded another successful year which was only made possible by the hard work and commitment of the Board, SMCs, staff, volunteers and club members.

GV's partners and supporters, including the Victorian Institute of Sport, Sport and Recreation Victoria, VicHealth, VicSport, Swinburne University of Technology, Amco and Elastoplast have maintained close links and GV appreciates their continued support.

GYMNASTICS WESTERN AUSTRALIA

STEVE TURPIN - PRESIDENT
GRATTON WILSON - EXECUTIVE DIRECTOR

For Gymnastics Western Australia (GWA) 2005 was another very positive year in all areas of operation. GWA has been able to maintain strong competitive performances in international and national events and was continued to deliver a high level of service to affiliated clubs through a comprehensive range of events, the Club 10 program and the offering of quality education programs.

Over the year GWA has seen strong growth in gymnast participation rates at clubs and increases in Technical Membership. These increases, combined with strong interest in event participation, and great support from the Department of Sport and Recreation and Healthway have underpinned a sound annual profit result of just over \$23,000.

Once again Western Australian athletes have achieved very good international and national results and special congratulations must go to all athletes, coaches and officials who represented Australia and Western Australia during the year.

In particular, Kieran Gorman who won the Sport Aerobics ANAC World Championships and Olivia Vivian who represented Australia at the 2005 Artistic World Championships.

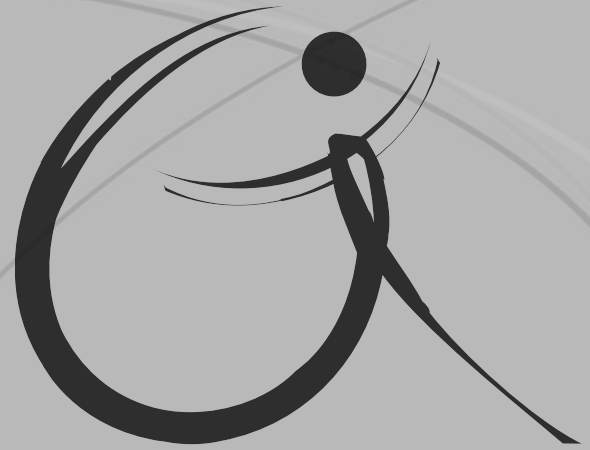

Well done also to Trudi Nurse (Coach - Sport Aerobics), Karon Williams (Official - Sport Aerobics), Martine George (Coach - Women's Gymnastics) and Karyn Murray (Official - Rhythmic Gymnastics).

During the Year Dot Segon and Trish Fritz were awarded Gymnastics WA Life Membership and Allana Slater and Ann Ranieri were honoured with a Gymnastics WA Award of Merit for their services to Gymnastics in WA. GWA also congratulates Allana on her outstanding gymnastic career following the announcement of her retirement in August.

GWA was very pleased to see increased event involvement, particularly across the Men's, Women's, Rhythmic, General and Cheerleading disciplines. GWA is still moving ahead in discussions with the Government and the Town of Vincent with respect to a new State Gymnastic venue being located at the Loftus Recreation Centre.

In the area of Club 10 GWA has had another successful year with this National Program met with enthusiasm by the majority of Clubs in WA. Since the launch of the Program in 2003 over 74% of WA Clubs have now completed the Introductory Checklist or Quality Improvement Checklist to progress to Star 2 or above.

In conclusion, a special thank you to the Volunteers, Clubs, Coaches, Judges, Athletes, staff and Regional Associations who have worked tirelessly throughout the year. Thank you also to our partners and major sponsors – the Department of Sport and Recreation, Healthway, WAIS, Woodside Energy, BHP Billiton, Gymnastics Australia and Challenge Stadium. GWA looks forward with optimism to 2006.

GYMNASTICS AUSTRALIA 2005 FINANCIAL NOTES

NOTES TO THE FINANCIAL REPORTS FOR THE YEAR ENDED 31ST DECEMBER 2005
THESE NOTES SHOULD BE READ IN CONJUNCTION WITH THE FINANCIAL STATEMENTS

Statement of Accounting Policies

The accounts of this entity (which is a 'non-reporting' entity) have been prepared in accordance with applicable statements of Accounting Concepts and Accounting Standards.

Results for Year

Gymnastics Australia (GA) made a profit of \$540,139 for the year (2004 – \$52,601).

Short Term Investments at Cost are Fixed Interest Hybrids listed on the Stock Exchange the market value of which was \$674,179 at 31st December 2005.

The Furniture, Fittings and Equipment have been valued at cost less an appropriate provision for depreciation based on the remaining useful life of each asset.

The Trade Debtors have been reviewed and in the opinion of management are all recoverable in the normal course of business.

Other Debtors includes \$768,718 owed to GA by World Gymnastics 2005 Limited (2004 \$4,901). \$675,631 of this amount has been received by GA subsequent to 31/12/05. The receipt of the balance is contingent upon World Gymnastics 2005 Limited receiving the final sponsorship payment from the Victorian Government following their approval of the event report to be submitted by the end of April.

Stock on Hand has been reviewed and re-valued to the lower of cost or net realisable value. The net result of this is a write down of \$22,393 (2004 \$13,149) that is reflected in the trading gross profit. This stock represents items held for resale at the GA office.

In accordance with a resolution of the Board,

in our opinion the accompanying financial statements of Gymnastics Australia:

- (a) show fairly the operating result of GA for the year ending 31st December 2005 and
- (b) show fairly the financial position of GA as at 31st December 2005.

No matters or circumstances have arisen since the end of the financial year that have adversely affected or may adversely affect the operations or results of GA in financial years subsequent to the 2005 financial year.

GYMNASTICS AUSTRALIA 2005 AUDITOR'S REPORT

STANNARDS

Accountants and Advisors

Independent Auditors' Report to the Members of Australian Gymnastics Federation Inc.

SCOPE

We have audited the special purpose financial report of Australian Gymnastics Federation Inc ("AGF") for the year ended 31 December, 2005, consisting of the Balance Sheet, Trading Profit and Loss Statement and the Financial Notes. The Board are responsible for the preparation and presentation of the financial report and the information it contains. We have conducted an independent audit of this financial report in order to express an opinion on it to the members.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial report is presented fairly in accordance with applicable Australian accounting standards, other mandatory professional reporting requirements (including Urgent Issues Group Consensus Views) and statutory requirements so as to present a view which is consistent with our understanding of AGF's financial position and its performance as represented by its results from its operations.

The audit opinion expressed in this report has been formed on the above basis.

AUDIT OPINION

In our opinion, the financial report of AGF:-

- i) provides a true and fair view of its financial position at 31 December, 2005, and its performance for the period then ended; and
- ii) complies with applicable Accounting Standards and other mandatory professional reporting requirements that have been adopted by AGF in its capacity as a non reporting entity.

We also state that in our opinion:-

- (a) the accounting records and other records and the registers required to be kept by AGF have been properly kept in accordance with relevant statutory provisions; and
- (b) we have been given all information, explanations and assistance necessary for the conduct of the audit.
