GYMNASTICS AUSTRALIA CHAIRMAN'S AND CEO'S REPORT

KEN WILLIAMSON - CHAIRMAN

JANE ALLEN - CHIEF EXECUTIVE OFFICER

The staging of a successful Commonwealth Games gymnastics event and the uniting of the gymnastics community for the FIG 125th Anniversary celebrations were significant achievements for 2006. A noteworthy outcome on an operational level was the completion and launching of a national Information Technology plan.

With the Commonwealth Games being staged in Melbourne, pressure was on the men's, women's and rhythmic teams to meet their performance targets and deliver medal winning performances. The Australian Commonwealth Games Association had invested significantly in gymnastics and it is pleasing that the team contributed 21 medals to the overall medal tally. Our gold medal performers were the women's team, Josh Jefferis and Chloe Sims in the All Around competition; Hollie Dykes on floor; Josh Jefferis on rings; and Damian Istria on High Bar. These performances will be remembered by the many thousands of spectators.

Staging of major events again played a significant role in national operations during 2006. The Rod Laver Arena provided the venue for an extremely successful gymnastics competition as part of the Commonwealth Games. Competition management, led by Shaun Doyle and supported by Russell Smart and George Tatai along with enthusiastic and capable volunteer staff, are to be congratulated on staging a first class event which showcased the sport at the highest level.

The high point of the Commonwealth Games performances at the beginning of year was followed by successful performances at the 2006 Artistic World Championships in Denmark in October. Competing against the best in the world served to reinforce the international standing of Australian gymnasts. It is always a special moment when history is made and Philippe Rizzo continued his run of "firsts" by becoming the first Australian gymnast to win a gold medal at a World Championship event. His performance, on the High Bar capped off a successful World Championships campaign for both the women's and men's teams. These performances augur well for the Olympic qualifying events in 2007.

The men's national high performance program received a boost with the appointment of internationally renowned coach, Vladimir Vatin as the Men's National Coach. This position will be incorporated into his existing responsibilities as AIS Head Coach and is very timely considering the improved international performances of the men's national team.

The Australian Sports Commission, in collaboration with Gymnastics Australia (GA) conducted a review of the women's national program to identify ways to further advance the program. The findings of this extensive review will be published in 2007.

The gymnastics community experienced an event of a different nature when the FIG 125th Anniversary Gala was staged in Sydney in September. As part of a worldwide birthday celebration, the International Gymnastics Federation (FIG) provided funding to GA to stage a special Gala on behalf of the Oceania region. Over 400 participants were involved in the Gala and congratulations are extended to the organising committee and production team led by Petrina Hutchinson and Nerine Cooper for delivering a first class event enjoyed by a large crowd.

The GA Board of Management met six times during the year with meetings held in Brisbane, Sydney, Melbourne, Adelaide and Perth to promote communication with State Association Boards. The Constitution Sub-Committee under the leadership of Chairmen Ken Williamson, continued their work in drafting a new constitution to move GA from an incorporated association to a company limited by guarantee. It is pleasing to report at the time of printing the 2006 Annual Report that agreement on a new Constitution had been reached.

In February 2006, the GA Board approved a national Information Technology plan that will underpin the future operations of GA and the State Associations. Development of the plan encompassed two key phases: upgrading and consolidating the IT platform underpinning the plan; and introducing an e-commerce platform to reduce duplication and open the

Affiliations:

Gymnastics Australia maintains affiliations with the following organisations:

- International Gymnastics Federation (FIG)
- Australian Olympic Committee (AOC)
- Australian Commonwealth Games Association (ACGA)
- Confederation of Australian Sport (CAS)
- Commonwealth Gymnastics Confederation (CGF)
- International Aerobic Federation (IAF)
- Pacific Alliance of National Gymnastics Federation (PANGF)
- Association of National Aerobic Championships (ANAC)
- International Cheerleading Federation (ICF)
- International All Star Federation (IASF)

way for on-line trading. Two State Associations will pilot elements of the plan in 2007.

The development of national resources continues to impact on the daily activities of the national office. The successful implementation and acceptance by the community of the on-line education resource "Managing the Risks of Coaching" set the scene in 2006 for the task of redeveloping GA's education framework to embrace on-line strategies. Two exciting new resources for schools and clubs currently in production are; Gymnastics in Schools program "Gymskools" and the skill based club program "GymMIX". Both resources will be released in 2007.

Club 10 manager and long standing staff member Brad Edwards resigned in July after six years service. GA acknowledges Brad's valuable contribution to the national Club 10 program and wishes him well in his future endeavours.

Gymnastics Australia returned a surplus for the 2006 calendar year of \$20,726. This surplus was due in part to strong control over project expenditure and income derived from resources and events. Membership continued to grow in 2006 and it is pleasing to report that for the seventh consecutive year, GA has recorded a 6 per cent growth in athlete and technical members.

After an extensive tender process in November, Gymnastics Australia appointed Jardines Lloyd Thompson as their national insurance program broker. GA wishes to thank outgoing broker Marsh, for their support and service provided over the past six years.

GA continued to receive support from the Australian Sports Commission and the Australian Institute of Sport in the delivery of development and high performance programs. In particular, thanks are extended to ASC consultants Deb Waser and Don Cameron for their advice and guidance throughout the year.

The state high performance network consisting of QAS, NSWIS, VIS, SASI and WAIS continue to provide excellent programs that produce world class athletes and the excellent results achieved in 2006 are testament to their commitment and support.

In late 2006, the Gymnastics WA farewelled its long standing Executive Director, Gratton Wilson. Gratton Wilson worked hard to develop the sport of gymnastics in WA and his contributions to the sport overall will be missed. GA wishes him well in his new endeavours.

Sponsors Acromat, Elite Sportswear (GK), Nacisey and Marsh continued to provide financial and in-kind sponsorship to Gymnastics Australia in 2006 and their support is greatly appreciated.

In closing, GA wishes to acknowledge the support received from State Associations, clubs, athletes and volunteers across Australia. GA also recognises the commitment and dedication of the Board, Sport Management Committees and national office staff, all of whom have played an important role in ensuring the continued growth and development of the sport.

GYMNASTICS AUSTRALIA 2006 KEY MILESTONES

- Philippe Rizzo winning Australia's first World Championship gold medal on the Horizontal Bar at the 2006 World Championships in Denmark.
- Gymnastics contributing 21 medals (6 gold, 7 silver, 8 bronze) to the overall Australian Commonwealth Games Team medal tally.
- Gymnastics Australia's event team and volunteers led by Shaun Doyle and Russell Smart organising and staging an outstanding Commonwealth Games gymnastics event.
- The staging of an entertaining and professional gala, involving over 400 participants, in Sydney, to celebrate the 125th anniversary of the International Gymnastics Federation.
- Gymnastics Australia's membership continuing to grow at a rate of 6%, for the seventh year in a row.
- The launching of a national Information Technology plan to underpin the future operations and delivery of services to the whole of the sport.
- The successful introduction of a compulsory on-line Risk Management resource (MRC) for technical members, which paves the way for future on-line education strategies.
- 66% (367 clubs) of affiliated clubs across Australia registering their members via the GA "Gymnastics On-Line" service.

ACROMAT

Cheerleading
NACISEY

MARSH

Gymnastics Australia thanks the Australian Olympic Committee (AOC), the Australian Commonwealth Games Association (ACGA) and national sponsors for their continued support of gymnastics. This tremendous contribution allows GA to provide the necessary resources, to achieve objectives in the Strategic Plan which covers both the high performance, participation and program elements of the Gymsports.

AOC FUNDING SUPPORT

The Australian Olympic Committee (AOC) has the exclusive responsibility for the representation of Australia at the Olympic Games.

To help achieve Australian Olympic Team objectives, the AOC provides funding (AOC Funding) to its member National Federations (NFs), athletes and coaches.

AOC Funding is derived from income distributions from the Australian Olympic Foundation, grants from the International Olympic Committee (IOC), the licensing and sponsorship activities of the AOC and fundraising by the AOC, State Olympic Councils and their Corporate Appeal Committees.

AOC Funding for the 2008 Olympic Team preparation is determined in accordance with its Program and Funding Guidelines for the 2008 Olympic Games, Beijing (Guidelines). Specifically, AOC Funding is provided through one of three programs:

- Australian Youth Olympic Festivals 2005 & 2007 (AYOFs)
- AOC Funding for International Competition
- adidas Medal Incentive Funding

The Guidelines are available on olympics.com.au.

For the calendar year 2006, the AOC provided the following support to Gymnastics Australia, its athletes and coaches:

AOC Funding for International Competition	\$48,000
adidas Medal Incentive Funding	\$6,250
<i>Monette Russo (Athlete)</i>	\$5,000
<i>Mikhail Barabach (Coach)</i>	\$1,250

In addition, the AOC's current budgeting for the 2008 Olympic Team to Beijing is \$13.4 million.

The AOC is proud to be able to support Australian athletes to realise their Olympic dreams.

ACGA FUNDING SUPPORT

Target 2006 Funding <i>(July 2003 - March 2006)</i>	\$500,000
Junior Development Grant	\$24,000

ELITE SPORTSWEAR

"Official supplier of competition and training attire"
World class competition and training attire is supplied by Elite Sportswear under their "GK" brand to all Australian team members in the Olympic gymsports. This ensures that athletes are provided with world standard leotards and are presented in the most professional manner.

ACROMAT

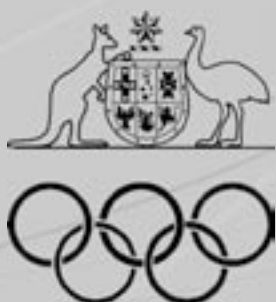

"Official supplier of gymnastics equipment"
A longstanding sponsor of Gymnastics Australia, Acromat provides gymnastics equipment for all national and international events. Without this sponsorship, Gymnastics Australia could not conduct events as the cost of purchasing and storing the equipment would be prohibitive.

NACISEY

"Official supplier of Cheerleading uniforms"
Cheerleading uniforms for the national champion teams each year are supplied by off-shore company, Standard International Company Ltd under their brand name "NACISEY". This sponsorship assists the development of cheerleading in Australia.

MARSH INSURANCE BROKERS

In conjunction with Sportscover, Marsh provided Gymnastics Australia with a comprehensive national insurance program for all members and also provides sponsorship for the "Managing the Risks of Coaching" resource.

MESSAGE FROM THE AUSTRALIAN SPORTS COMMISSION

The Australian Government is a strong supporter of Australian sport. The Australian Sports Commission (ASC) is the government body that develops, manages and invests in sport at all levels in Australia.

The ASC funds and works closely with a range of national sporting organisations, state and local governments, schools and community bodies to ensure sport is well run and accessible so that everyone can participate and enjoy the benefits. The ASC upholds the integrity of sport through many innovative programs to promote ethical sporting practices and sport free of performance-enhancing drugs.

During 2005-06, the Australian Government, through the ASC, supported Gymnastics Australia through funding of more than \$2.5 million for the development of the sport and the continued enhancement at the grass-roots and elite levels, including the Australian Institute of Sport Gymnastics program. In addition, \$146,198 in direct athlete support was provided to Australian gymnasts in the lead up to the Melbourne 2006 Commonwealth Games.

The Commission increased its funding support for Gymnastics Australia's high performance programs during 2005-06 in recognition of the progress made by Gymnastics Australia in developing a high performance system built on achieving sustainable results at

major benchmark events such as the Olympics and World Championships. A special acknowledgement of, and congratulations to, Philippe Rizzo in becoming Australia's first gymnastics world champion by winning the high bar, along with Prashanth Sellathurai, in winning silver on the pommel horse at the 2006 World Championships. The Men's and Women's Artistic, and Rhythmic gymnasts are also to be congratulated for medal winning performances at the 2006 Commonwealth Games, with further acknowledgement of the Women's Artistic Team in winning the 2006 Australian Sports Award for Young Australian Team of the Year for their Commonwealth Games efforts. The ASC extends its best wishes to those gymnasts striving for World Championship and Olympic qualification success in 2007.

The Australian Institute of Sport Men's and Women's Gymnastics programs remain an integral part of Gymnastics Australia's high performance system. The Institute Gymnastics program, providing access to world-class training facilities, has a major goal of developing gymnasts who can achieve Olympic results, while at the same time ensuring that each individual achieves in all other aspects of their life, such as education, social and moral development.

The Australian Sports Commission acknowledges that Gymnastics Australia has continued to work to build its membership base and has provided significant financial support to its member associations. Gymnastics Australia has worked in partnership with, and has been supported by, the Commission in a number of very worthwhile programs and initiatives such as the Coaching and Officiating Scholarship Program, Women in Sport Program and through Project CONNECT to enhance participation opportunities for athletes with a disability. The ASC also acknowledges Gymnastics Australia's web-based initiatives in the delivery of its sport, in particular the Managing Risks for Coaches program.

The ASC looks forward to a continued winning partnership with Gymnastics Australia.

GYMNASTICS AUSTRALIA SPORT REPORT

KAREN MYERS - SPORT DIRECTOR

In 2006 Australia hosted the Commonwealth Games and it is always a great honour to be part of a "home" games as it has special significance for the athletes to be performing in front of their family, friends and the Australian sports mad public. With this of course comes the pressure of performing well and all members of the Commonwealth Games Gymnastics team can be proud of their performances and their contribution of 21 medals to the overall team medal tally between Men's Artistic, Women's Artistic and Rhythmic Gymnastics. The Australian Commonwealth Games Association (ACGA) contributed "Target 2006" funding over three years to the preparation of this team and Gymnastics Australia thanks the ACGA for their outstanding support over this period.

The Artistic World Championships in October in Denmark provided memorable event for Gymnastics Australia with the Men's and Women's Artistic teams continuing their outstanding performances. History was made with Philippe Rizzo winning Australia's first gold medal at a World Championships when he won gold in a thrilling High Bar apparatus final. Prashanth Sellathurai took silver in the Pommel Horse final and the Women's team showed the depth of the program in Australia with a 6th place and two athletes finishing 5th and 7th respectively in the All Around final. This was an

outstanding result given injuries to Monette Russo and Chloe Sims prior to team selection. The men's team continued to show great improvement with a team result indicating they will be a real chance of Olympic team qualification at the 2007 World Championships.

All results achieved in 2006 by all gymsports could not have been possible without the financial support of the Australian Sports Commission, Australian Olympic Committee, Australian Commonwealth Games Association, Australian Institute of Sport and the five State Institutes – QLD Academy of Sport (Men & Women), NSW Institute of Sport (Men), Victorian Institute of Sport (Women), SA Institute of Sport (Men & Trampoline), WA Institute of Sport (Women). Gymnastics Australia worked closely with these partners throughout the year participating in planning and performance review meetings such as the Beijing Athlete Program (BAP), AIS/SIS/SAS Joint Management Committees, Target 2006 and GA's own Elite Management Committees.

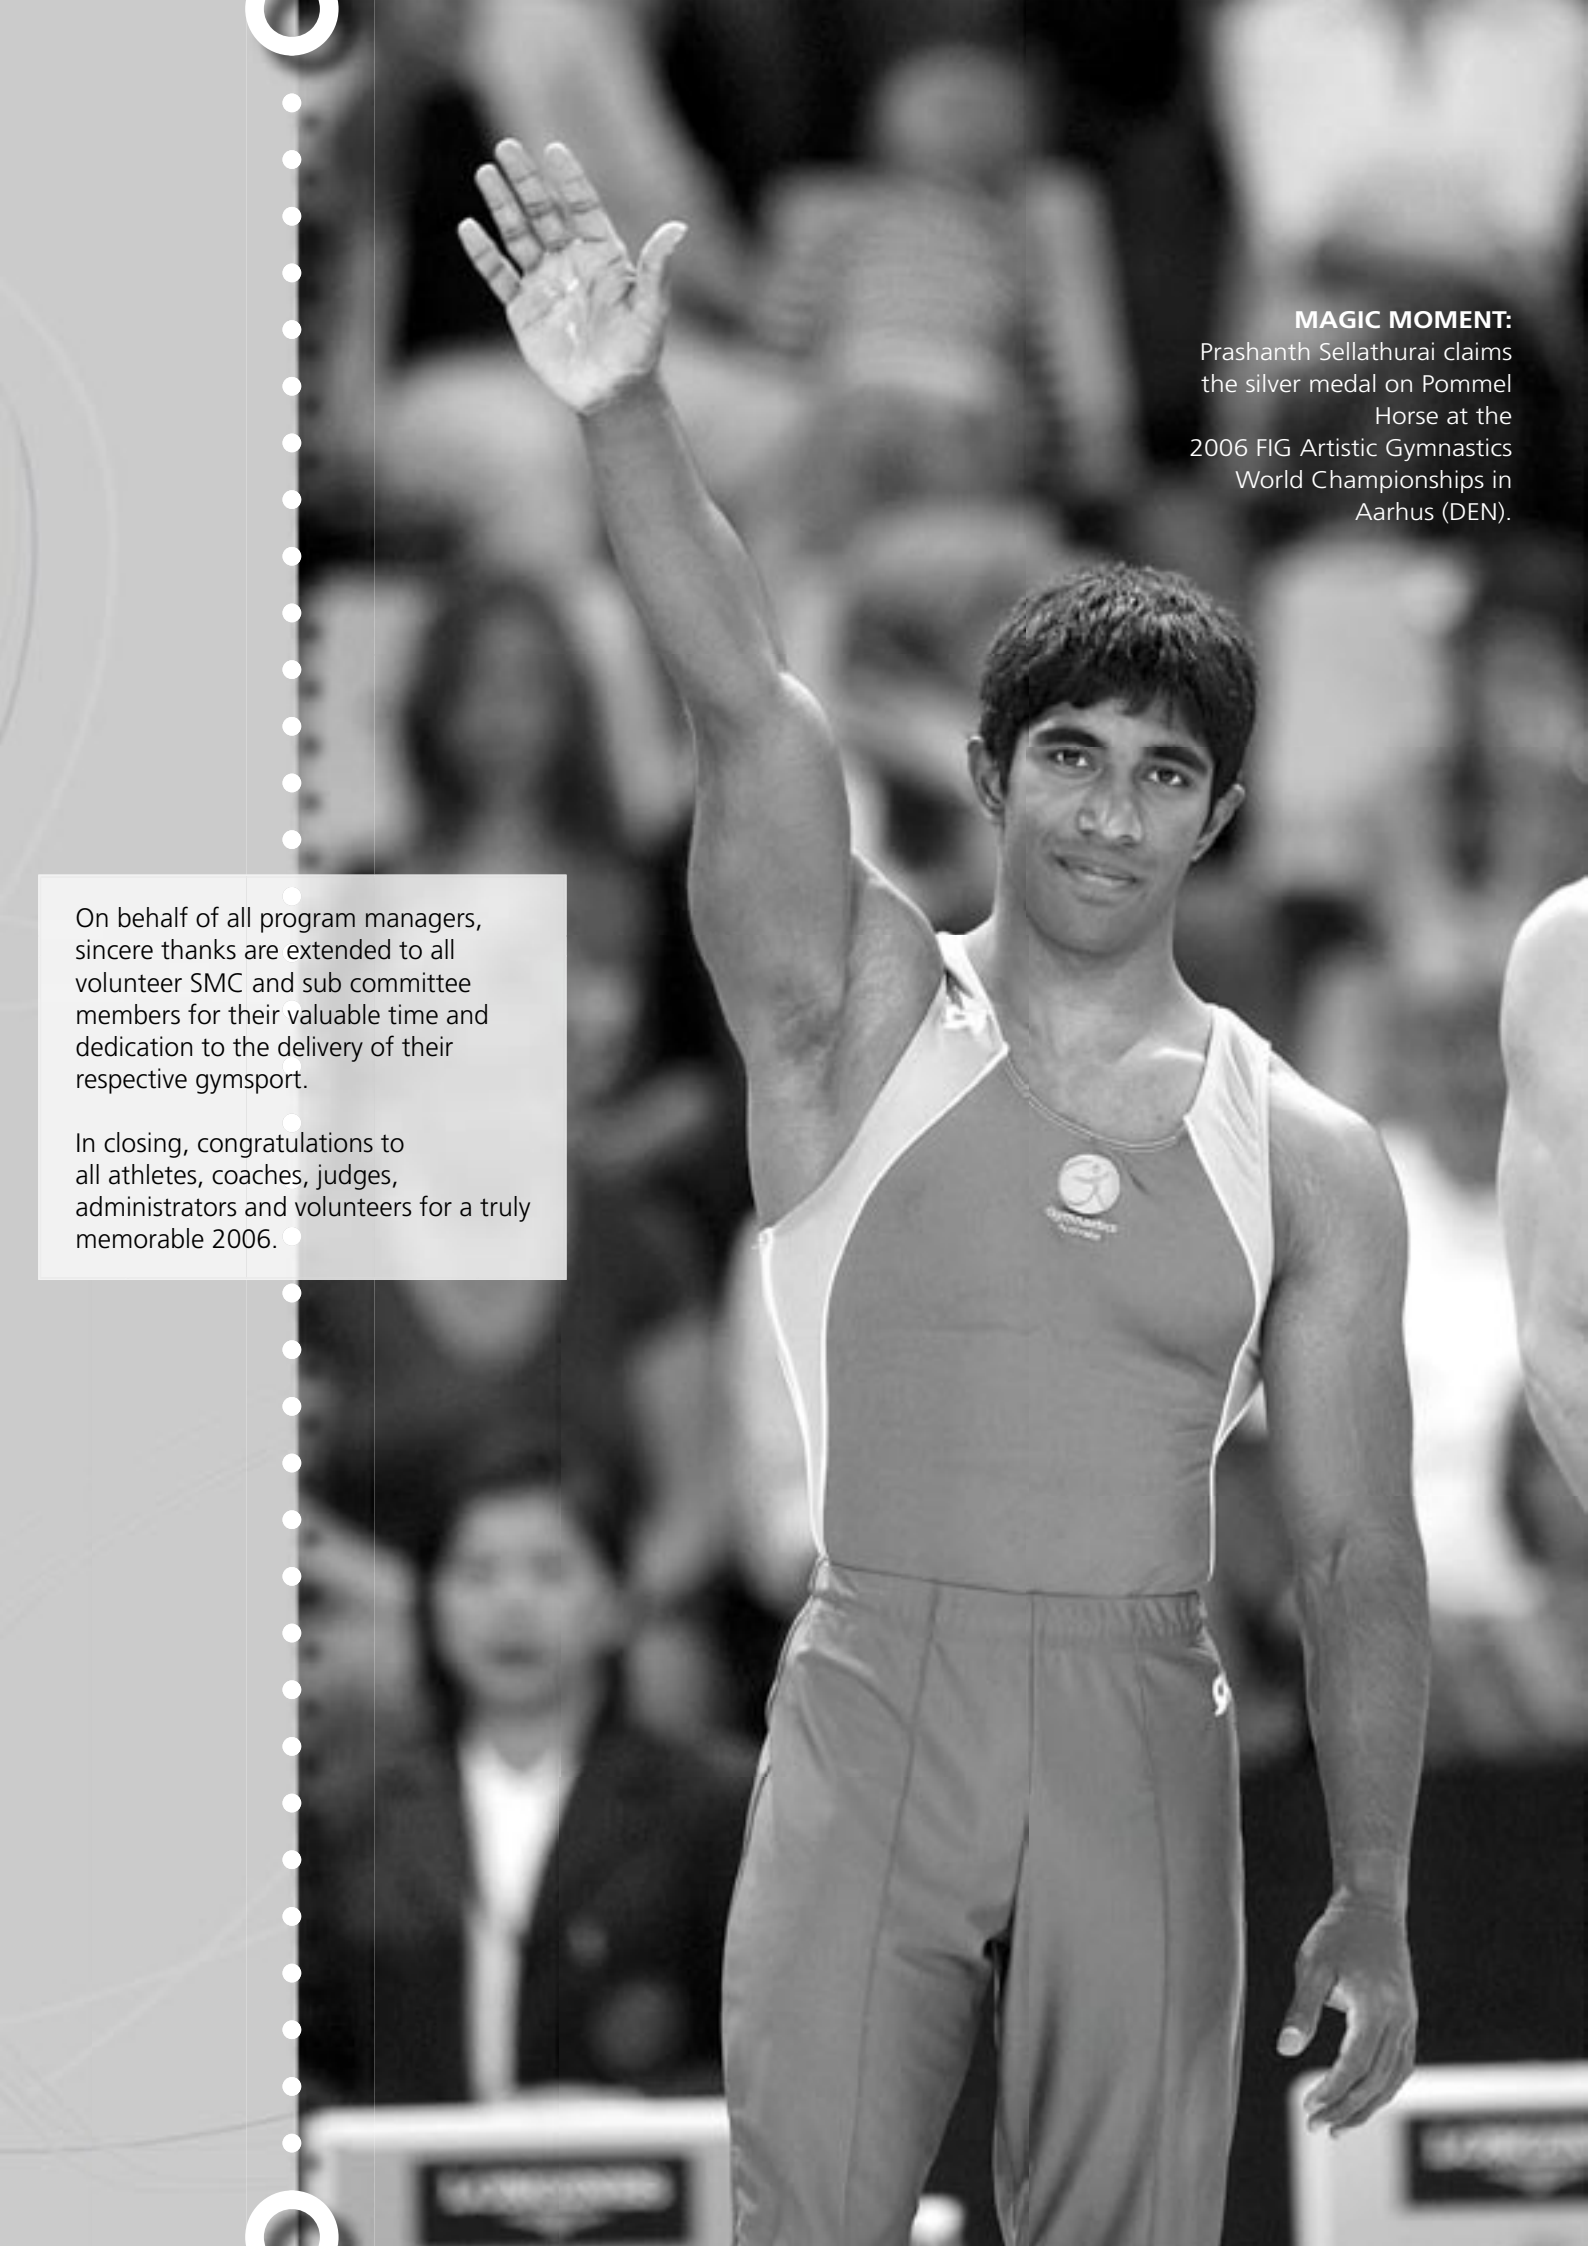

Steps were taken at the end of 2006 to strengthen GA's High Performance program with the appointment of Vladimir Vatin as the Men's National Coach and an ASC review into the Women's National Program to identify ways to further advance the program. The AOC also commenced its 2008

Olympic team preparation with GA participating in a planning visit to Beijing.

The FIG finally presented the new 2006-2008 Code of Points to the international judging community in early 2006 with fourteen of Australia's best FIG judges across our seven competitive gymsports participating and passing the International exams.

The ASC Women in Sport Mentoring program came to a conclusion in 2006 with Megan Mitchell (QLD), Michelle Yardley (SA), Tameira McLean (WA) and Deborah Enderby (VIC) finalising their three year high performance coaching apprenticeship. Thanks are extended to the AIS/SIS/SAS network for their assistance in mentoring these coaches. Congratulations also to Martine George (WA) who completed a 2 year ASC High Performance Coaching Scholarship and to Rohan Kennedy (NSW) for receiving an ASC National Officiating Scholarship in 2006.

Two joint technical meetings were held during the year with all Gymsport Technical Directors and Program Managers in attendance. A highlight in 2006 was the introduction of the Risk Management register which has seen all national SMCs begin to identify and address risks on an ongoing basis.

MAGIC MOMENT:

Prashanth Sellathurai claims the silver medal on Pommel Horse at the 2006 FIG Artistic Gymnastics World Championships in Aarhus (DEN).

On behalf of all program managers, sincere thanks are extended to all volunteer SMC and sub committee members for their valuable time and dedication to the delivery of their respective gymsport.

In closing, congratulations to all athletes, coaches, judges, administrators and volunteers for a truly memorable 2006.

MEN'S ARTISTIC GYMNASTICS GYMSPORT REPORT

DAREN WOLFE - TECHNICAL DIRECTOR

It wouldn't be an understatement to describe 2006 as an eventful year for Australian Men's Gymnastics. The pinnacle was undoubtedly the results at the 2006 Artistic World Championships in Aarhus (DEN). Philippe Rizzo became Australia's first ever Artistic Gymnastics World Champion by winning the Horizontal Bar final. Earlier in the event, Prashanth Sellathurai had completed a magical routine on the Pommel Horse to claim Australia's second ever silver medal at a World Championships. In what would turn out to be a week of firsts, Josh Jefferis finished in 12th position in the All Around (AA) final - establishing a new record for Men's Gymnastics in Australia, surpassing the previous highest AA result of 19th. The Australian men's team finished in 14th place - the highest placing by an Australian men's team at a World Championships. Congratulations to the entire team of Josh Jefferis, Philippe Rizzo, Prashanth Sellathurai, Sam Offord, Sam Simpson, Thomas Pichler and Martin Jozwiak. These gymnasts (and their results) were supported by arguably some of the best coaches in the world - Vladimir Vatin, Sergei Chinkar, Xiong Songliang, Yu Bo, and Igor Bespalov.

The excitement really started back in March, with the team setting the scene for things to come at the Melbourne Commonwealth Games, where it secured a total of 10 medals - 3 gold, 4 silver, and 3 bronze. Three

Commonwealth Champion titles were secured by Josh Jefferis (All Around and Rings) and Damian Istria (H/Bar), with all gymnasts on the Australian team contributing to a Silver medal in the team event.

Other international event highlights during the year included a silver medal on floor, and a bronze medal in the junior team event at the Pacific Alliance Championships in Hawaii (USA) in April, and a silver medal won by Philippe Rizzo at the World Cup Final in Sao Paulo (BRA) in December. For the first time ever, Australia had qualified two male gymnasts to compete at the World Cup Final; the second was Prashanth Sellathurai on Pommel Horse.

All of these results had been achieved on the new "open ended" Code of Points, and the first major competition under the new code was the Commonwealth Games in Melbourne. This code presented new challenges to the entire community - gymnasts, coaches, spectators, and certainly judges. A continental judges' course was held in January, to requalify FIG judges from Australia and New Zealand. This course was presented by Paul Szyjko and Daren Wolfe, and was supervised by FIG MTC member Siegfried Funk. 13 Australian judges successfully gained a FIG brevet for the 11th Cycle at this course. The new code also resulted in revisions to domestic judges' courses in Australia,

and appreciation is extended to Brian Wade and his team for the many hours invested in updating these materials. Congratulations also to Rohan Kennedy who received a National Officiating Scholarship from the ASC in 2006.

In November GA, together with the AIS, announced the appointment of Vladimir Vatin as the National Coach of the Australian Men's Gymnastic team and Senior Coach of the AIS Men's Gymnastic program. Vatin had been coaching at the AIS Men's Gymnastic program since 1997 and is regarded as one of the world's leading coaches. For a number of years, one of the key strategic goals of the National MAG SMC has been to secure the appointment of a national coach, and it is both satisfying and motivating that this strategic target has finally been achieved. It is hoped that this appointment will be the catalyst for continuing improvements in the high performance area of our sport.

Thanks and appreciations are extended to Tim Quinlivan for his devotion to and considerable efforts in support of men's gymnastics and his significant contribution to the sport during his 10 years as MAG National Technical Director. Tim decided to step back from the NTD role for personal reasons, but nominated for the National Judging Coordinator role, to which he was successfully elected. This provides continuity of knowledge and

GRIP ON A MEDAL:
Philippe Rizzo makes gymnastics history by winning a gold medal on the Horizontal Bar at the 2006 FIG Artistic Gymnastics World Championships in Aarhus (DEN).

experience, as well as maintaining stability on both the national selection committee and the national SMC. The remaining members of the National SMC; Kath Graham and Bob Morton, and National Program Manager Karon Williams are also thanked for their contributions and support over the year.

The momentum generated by the achievements outlined in this report will continue to foster the sport's future growth and success. These achievements would not have been possible without the dedication and commitment of gymnasts, coaches, judges, and administrators. Congratulations, thank you, and keep up the good work.

WOMEN'S ARTISTIC GYMNASTICS GYMSPORT REPORT

HELEN COLAGIURI - TECHNICAL DIRECTOR

The Commonwealth Games was a highlight for Women's Gymnastics in 2006. The team of Monette Russo, Chloe Sims, Hollie Dykes, Naomi Russell and Ashleigh Brennan performed magnificently in front of a home crowd to win the 3 Gold medals and in doing so the team defended the Commonwealth crown for a third games in a row. Chloe Sims was crowned the All Around women's champion and Hollie Dykes took out the floor gold medal. These excellent results led to the girls being named as the Young Australian Team of Year at the 2006 Australian Sports Awards presented in March 2007.

During the year international gymnasts also competed at the Pacific Alliance Championships, World Cup events and World Championships in Denmark. The World Championship team of Daria Joura, Hollie Dykes, Melody Hernandez, Olivia Vivian, Georgia Bonora and Karen Nguyen consolidated Australia's international ranking as one of the top nations, with its 6th placing as a team and with Daria Joura's 5th place and Hollie Dykes 7th place in the All Around respectively. Australia was the only nation with more than one athlete in the top 8.

With the introduction of the new Code of Points, all judges were required to renew or upgrade their accreditation. The first course of the year was the Continental Course for all FIG judges within the Oceania area. This group studied extremely hard and produced excellent results with 34 judges being awarded their FIG Brevet. The International Level 6 & 8 and national courses were also updated and these courses were presented in every State.

The National Levels Program was also updated to the new Code with a national workshop being held in February with state representatives in both coaching and judging attending.

Following the Australian Championships in Melbourne in May, Australian teams were selected in Levels 7, 8, 9 and 10 to compete in the National Levels International Challenge in Perth in September involving teams from New Zealand and Japan. Gymnastics WA hosted the event and incorporated it into their State Titles. GWA's hospitality and organisation were appreciated by all participants.

Women's Artistic Gymnastics is guided by the National Sports Management Committee (SMC) in conjunction with the Elite Management Committee and the National Levels Committee. These committees, along with State SMCs are instrumental in driving women's gymnastics in their respective areas.

The achievements in 2006 would not have been possible without the hard work of the gymnasts, coaches, judges, volunteer committee members and administrators. Thank you for your efforts in delivering a successful year for Women's Gymnastics.

REIGNING SUPREME:
Chloe Sims following her
victory in the All Around Final
at the 2006 Commonwealth
Games in Melbourne (AUS).

RHYTHMIC GYMNASTICS GYMSPORT REPORT

TERESA EVANS - TECHNICAL DIRECTOR

2006 was an exciting and successful year for the Rhythmic Gymnastics community. The Commonwealth Games was the highlight of the year and a large spectator audience witnessed the beauty and grace of Rhythmic Gymnastics at this event. The unexpected bronze medal in the team competition was achieved with the absence of the 2005 National Champion, Amy Khera. Unfortunately Amy had to withdraw due to illness on the eve of the competition and was replaced by the reserve gymnast, Amanda Lee See. The team of Kimberly Mason, Naazmi Johnston and Amanda Lee See worked hard to achieve this excellent result and congratulations are extended to the gymnasts and to the Australian coaches Nicole Higham and Edith Peluso. The individual Silver and Bronze medals won by Kimberly Mason in the apparatus finals topped off an excellent competition. Thanks go to all who helped in the preparation of the team and to the event organisers for staging an event that provided the opportunity for the gymnasts to perform in front of a home crowd.

The 2006 Pacific Alliance Championships were held in Hawaii in April. Although no team medals were won by the Senior and Junior Australian RG teams, the gymnasts did qualify to compete in a number of apparatus finals. Individual apparatus medals were won by Kimberly Mason (Silver) and Naazmi Johnston (Bronze).

The RG Australian Championships were held in May in the main arena at the Sydney Sports Centre. It was an exciting event for the gymnasts performing on the competition floor alongside the MAG gymnasts. New Zealand gymnasts were invited to compete in the rhythmic competition and once again they provided excellent competition for all Australian gymnasts.

The National Clubs Championships were once again held in Melbourne and Gymnastics Victoria is thanked for its organisation and management in running a smooth event. The competition will be held in Perth in 2007 and the Rhythmic community is excited with this move.

The RG National Program Manual (NPM) was launched at the end of 2005. At the Sports Program Technical Assembly in May it was decided that a Levels Review Committee would be formed to address the NPM issues that have been raised by the State SMCs. The Committee agreed that a rewrite of the NPM was necessary in order to cater for the non-elite gymnasts. The new NPM will be released in January 2007. Many thanks go to Bridget Thompson who chaired the committee and to all state representatives for their time and effort in reviewing and rewriting the document.

In the International stream of competition, the FIG RG Technical Committee continued to make changes to the 2005-2008 Code of Points that altered the playing field for gymnasts, coaches and judges. Congratulations to all for their patience and diligence to learn the changes and implement them with such enthusiasm.

Many National Squad gymnasts ventured overseas in the latter part of the year with the aim of experiencing more international competitions. Thanks to the coaches and judges who were willing to expend their own money to assist the gymnasts in achieving their goals.

2006 was a year of retirements. Senior gymnasts, Amy Khera and Amanda Lee See along with junior gymnasts, Emma McCarthy, Olivia Milnes, Danielle Papadothomakos and Tanya Vulin, decided to retire from the sport. Thanks and good wishes for their future endeavours are extended.

Finally, thanks go to the National Sports Management Committee members, Ellena Papas, Jo Edinger, Nicole Higham and Karon Williams (National Program Manager) for their hard work over the past 12 months; to the State SMCs for their efforts in helping to organise selection trials and competitions and their general cooperation in helping to make things happen throughout Australia; to the National Sub-

LEADING THE TEAM:
Kimberly Mason led the Australian Team to a bronze medal at the 2006 Commonwealth Games in Melbourne (AUS).

committees for their ongoing work and last but not least the staff at Gymnastics Australia for their hard work, assistance and guidance at all times.

GENERAL GYMNASTICS GYMSPORT REPORT

PETRINA HUTCHINSON - GENERAL GYMNASTICS PROGRAM MANAGER
NERINE COOPER - CHEERLEADING PROGRAM MANAGER

The pinnacle event for 2006 was the special Oceania Gala to celebrate the 125th Anniversary of the FIG. The Gala was held in Sydney at the end of the National Gymsport Spectacular and was an exciting finale for Gymnastics Week. With over 500 performers from around Australia, plus representation from New Zealand, all Gymsports were celebrated as the audience was taken on a journey around the world. In addition, cultural groups, professional musicians and dancers performed alongside the gymnastic athletes. The FIG Vice-President Koji Takizawa attended the FIG Oceania Gala. Many thanks and congratulations to all involved in staging such a marvellous event which highlighted the wonderful talent and enthusiasm of those within gymnastics.

Aussie Gymfest was held during the Gymsport Spectacular with teams presenting entertaining routines. Participants were involved in the National Award night as well as General Gymnastics Workshops and an outdoor City Performance. The Aussie Gymfest is reverting to being held biannually in the future.

With definitive entries completed for the 2007 World Gymnaestrada in Dornbirn, Austria, the Australian Team has been finalised at 172 members, consisting of athletes, coaches, chaperones and supporters. Teams are preparing their involvement in Indoor and City Performances as well as the

English Speaking National Evening and will represent the Oceania Region in the Closing Ceremony.

Both the General Gymnastics and Kindergym National Committees produce electronic newsletters for registered GG & KG coaches and affiliated clubs. The newsletters aim to provide a link between like-minded groups.

The first in a series of three new Kindergym passports was sent out to clubs which had agreed to the Kindergym Guiding Principles. The passports were produced as a result of feedback received and are an additional benefit distributed to Kindergym clubs for their members.

2006 has been another action packed year for Cheerleading.

The USA Cheerleading Tour was once again coordinated by Do It Right (DIR) Downunder for Australian and New Zealand teams to travel to Cheer Ltd's Canadian American (CANAM) National Championships in Myrtle Beach, South Carolina. The Perth Angels (WA) and Acrobatic Fanatics (QLD) were joined by 2 teams from New Zealand.

Throughout the month of June, a National Touring Camp was successfully coordinated by the National SMC. Amy Spaeth and Justin Weinhold from the Central Wisconsin Cheerleading Camps

travelled around QLD, NSW, VIC and WA conducting beginner to advanced workshops which 367 participants attended.

The Downunder Spirit Championships held in July were again a great success with 337 participants competing from 28 teams from America, New Zealand, Thailand and Australia (ACT, SA, NSW, QLD and WA). This was an increase from last year with 293 participants from 17 teams. Due to the growth, the event will move to the Gold Coast Convention Centre in 2007 and will also include Sport Aerobics.

Due to the growing interest in cheerleading in Australia and the need to further develop cheerleading in line with international trends, Jane Allen and Nerine Cooper travelled to the USA in July to meet with the United States All Star Federation (USASF) to discuss the direction of cheerleading and possible future relations.

The National Championships continued to grow with 766 entries from 45 teams, an increase from 654 people from 38 teams in 2005. Karl Olsen, USASF International Committee Director attended the National Cheerleading Championships to observe the event and was pleased with the standard of cheerleading and events conducted in Australia.

**BIRTHDAY
CELEBRATIONS:**

Clubs and their members helped celebrate the 125th Anniversary of the FIG at the Oceania Gala in Sydney (AUS).

Russ Blackwell from the US headed up the National Workshop following the National Championships and was assisted by Karl Olsen and Sanford McMurray. 178 participants joined in the workshop from 14 clubs from ACT, NSW, NT, QLD, VIC and WA. 110 participants stayed an additional 2 days to learn a mass routine coordinated by Lyn Parker, which was performed at the prestigious FIG Oceania Gala.

At the September Sports Technical Assembly, the motion was carried to follow the USASF level rules in 2007. A consultative process involving all State SMCs followed to adopt the level rules with modifications being made to the General Rules to suit Australia. The new rules will involve a new judging system which will be implemented early in 2007.

Following a successful meeting in November with the President of the International Cheerleading Federation (IFC), Mr Nakamura, Gymnastics Australia has been accepted as an associate member of the IFC which is based in Tokyo, Japan. There are currently 27 countries affiliated with the IFC.

Thanks are extended once again to Nacisey, proud sponsors of Gymnastics Australia and special thanks to the National and State SMCs for their valuable time and expertise throughout 2006, their continued support is valued and greatly appreciated.

SPORT AEROBICS GYMSPORT REPORT

KARON WILLIAMS - TECHNICAL DIRECTOR

2006 was a busy year for the National Squad athletes with Australian teams competing in the IAF Suzuki World Cup in Tokyo (JPN), the FIG World Championships in Nanjing (CHN) and the ANAC International Aerobic Championships in Los Angeles (USA). The standard of competition at international events in 2006 was very high and the Australian athletes performed to the best of their abilities.

2006 also saw the retirement of long standing Senior National Squad athletes Melissa Read, Melissa Davies and Leah Henville. These 3 WA women have represented Australia at numerous competitions during their Sport Aerobics careers. Their commitment to the sport has been unwavering and they have been excellent mentors and role models to the youth athletes based in WA.

Liz Lyons, the National Judging Coordinator, travelled to Hungary in March 2006 to sit the FIG international Judges' Course. Liz successfully completed the practical and theory examinations to achieve her Brevet qualification.

In November 2006 Trudi Nurse (WA Coach) attended the FIG Level 1 Coaching Academy Course in Korea. Trudi topped the course passing both the practical and theory examinations. She clearly demonstrated her excellent knowledge of the sport and her coaching skills to the FIG and the other course participants.

In April 2006 Karon Williams stepped down from the Sport Aerobics Program Manager position to take over the management of Men's Artistic and Rhythmic Gymnastics. Pam Behan was appointed the Program Manager for Sport Aerobics on a part time basis.

The AEROSkools Program continues to provide school-age students with the opportunity to participate in the sport and represent their school in state and national AEROSkools competitions. The AEROSkools Program is a grass roots participation program that is supported by the State Associations and Gymnastics Australia. The AEROSkools Kit is a popular resource that is released at the start of the school year by Gymnastics Australia. Special thanks go to Kerryn Cormick and Ellie Bunn for their efforts in choreographing and performing the AEROSkools routines for videoing purposes.

The AEROSkools and the Sport Aerobics National Championships were part of the National Gymsport Spectacular held in Sydney in September 2006. More than 600 Sport Aerobics athletes from across Australia competed over the 3 days of competition.

In February training camps for National and Development Squad athletes were held in WA, VIC, NSW and QLD. The athletes received assistance and feedback in the areas of choreography, skills, judging and presentation. At the completion of the training camps the Selection Committee selected the team to compete at the 2006 Suzuki World Cup.

Special thanks must go to the athletes for their performances in 2006; to the coaches for preparing the athletes for competition; to the judges for their time and effort in judging state and national events; to the State SMCs for managing the sport in their state and to the many volunteers who dedicated their time to the sport.

Thanks also to the staff at Gymnastics Australia and all the State Associations for their guidance, assistance and support over the past 12 months.

TRAMPOLINE SPORTS GYMSPORT REPORT

CHUCK SMITH - TECHNICAL DIRECTOR

Few could deny that the focus of sport in Australia in 2006 was the Commonwealth Games. Melbourne provided a spectacular backdrop to a wonderful competition. Even the weather appeared to be following the script. Victorians and indeed Australians should be extremely proud of their ability to provide first class international events.

Of course, the one thing that could have made it that little bit better would be Trampoline Sports in the Commonwealth Games. While the goal of becoming an Olympic sport has been achieved; there remain mountains to climb!

Trampoline Sports has not stood still in 2006. In the key areas of membership, athletes, coaches and judges, it continues to grow year after year. This can only be achieved by the ongoing hard work of everyone involved, but particularly the clubs. Their tireless work is the backbone of the sport's success.

Internationally, for the first time, Trampoline was involved in the Pacific Alliance competition in Hawaii, USA; already a significant event for Men's, Women's and Rhythmic Gymnastics. This adds another top-level international event to the calendar.

Australia continued its involvement in a number of international events. An indication of even better things to come was that Australian athletes placed in the medals for two of the World Cup series Synchronised events. Congratulations to Scott Brown and Ben Wilden for 2nd in Krasnodar (RUS) in May and 3rd in Savognin (SUI) in August. The Age-group athletes competed in both the Indo-Pacific competition in South Africa and the Trans-Tasman Trophy in New Zealand. The international competition experience is invaluable and proved that, while other Pacific nations continue to improve, Australia is able to produce athletes who are competitive on the international stage.

Strengthening the relationship with the hosts of the 2008 Olympics, two groups participated in training camps in China. Five athletes from the High Performance Program spent 10 days at the National training centre in Tianjin, which also provided valuable insights leading up to the Olympics. In November, six coaches and 14 tumblers trained in Guangzhou and Shanghai, two of the top training centres for tumblers in China.

Locally, the Australian Championships were held in Brisbane in July, providing a premier event for Age stream athletes, while the National Clubs Championships, held in Gosford, NSW, continues to grow, with over 300 athletes competing in 2006.

The National SMC thanks all the members of the community who have contributed to the sport, ensuring another successful year for Trampoline Sports. Thanks to all for the energy and commitment and may there be enough left in reserve for 2007!

FLYING HIGH:

Scott Brown and Ben Wilden representing Australia in the Men's Synchronised Trampoline competition.

SPORTS ACROBATICS GYMSPORT REPORT

ANDREW SABA - TECHNICAL DIRECTOR

The Sports Acrobatics National SMC has been continually working to advance the sport nationally. Coach and judge education is constantly under review and updating resources continues to ensure all states have a clear understanding of the sport. The committee is highly focused and strives to have Sports Acrobatics excel across the nation.

The FIG released many updates and clarifications to the Code of Points throughout the year. This was, in many cases, helpful in elucidating some contentious issues. Earlier in the year, updates to the Tables of Difficulty were released following requests from many federations for element evaluations and as a result some amazing new elements have evolved, with many used at the 2006 World Championships.

The National SMC has also focused on development of the National Squad and in January 2006 the first National Squad Training Camp was instigated. This was held in Bankstown, Sydney over 3 days with elite coach Yuriy Stepchenkov, assisted by elite coach Agnes Sagjal and coach/FIG Judge Andrew Saba. This workshop provided the squad with many hours of structured elite training and enhanced techniques, aiding competition readiness.

The World Championships (WC) and International Age Group Competition (IAGC) were held in Portugal in June. Two selection trials for these competitions were held, one in Melbourne in late January and the other in Sydney in late February. Strong performances were provided by all Pairs/Groups making team selection difficult for the selectors.

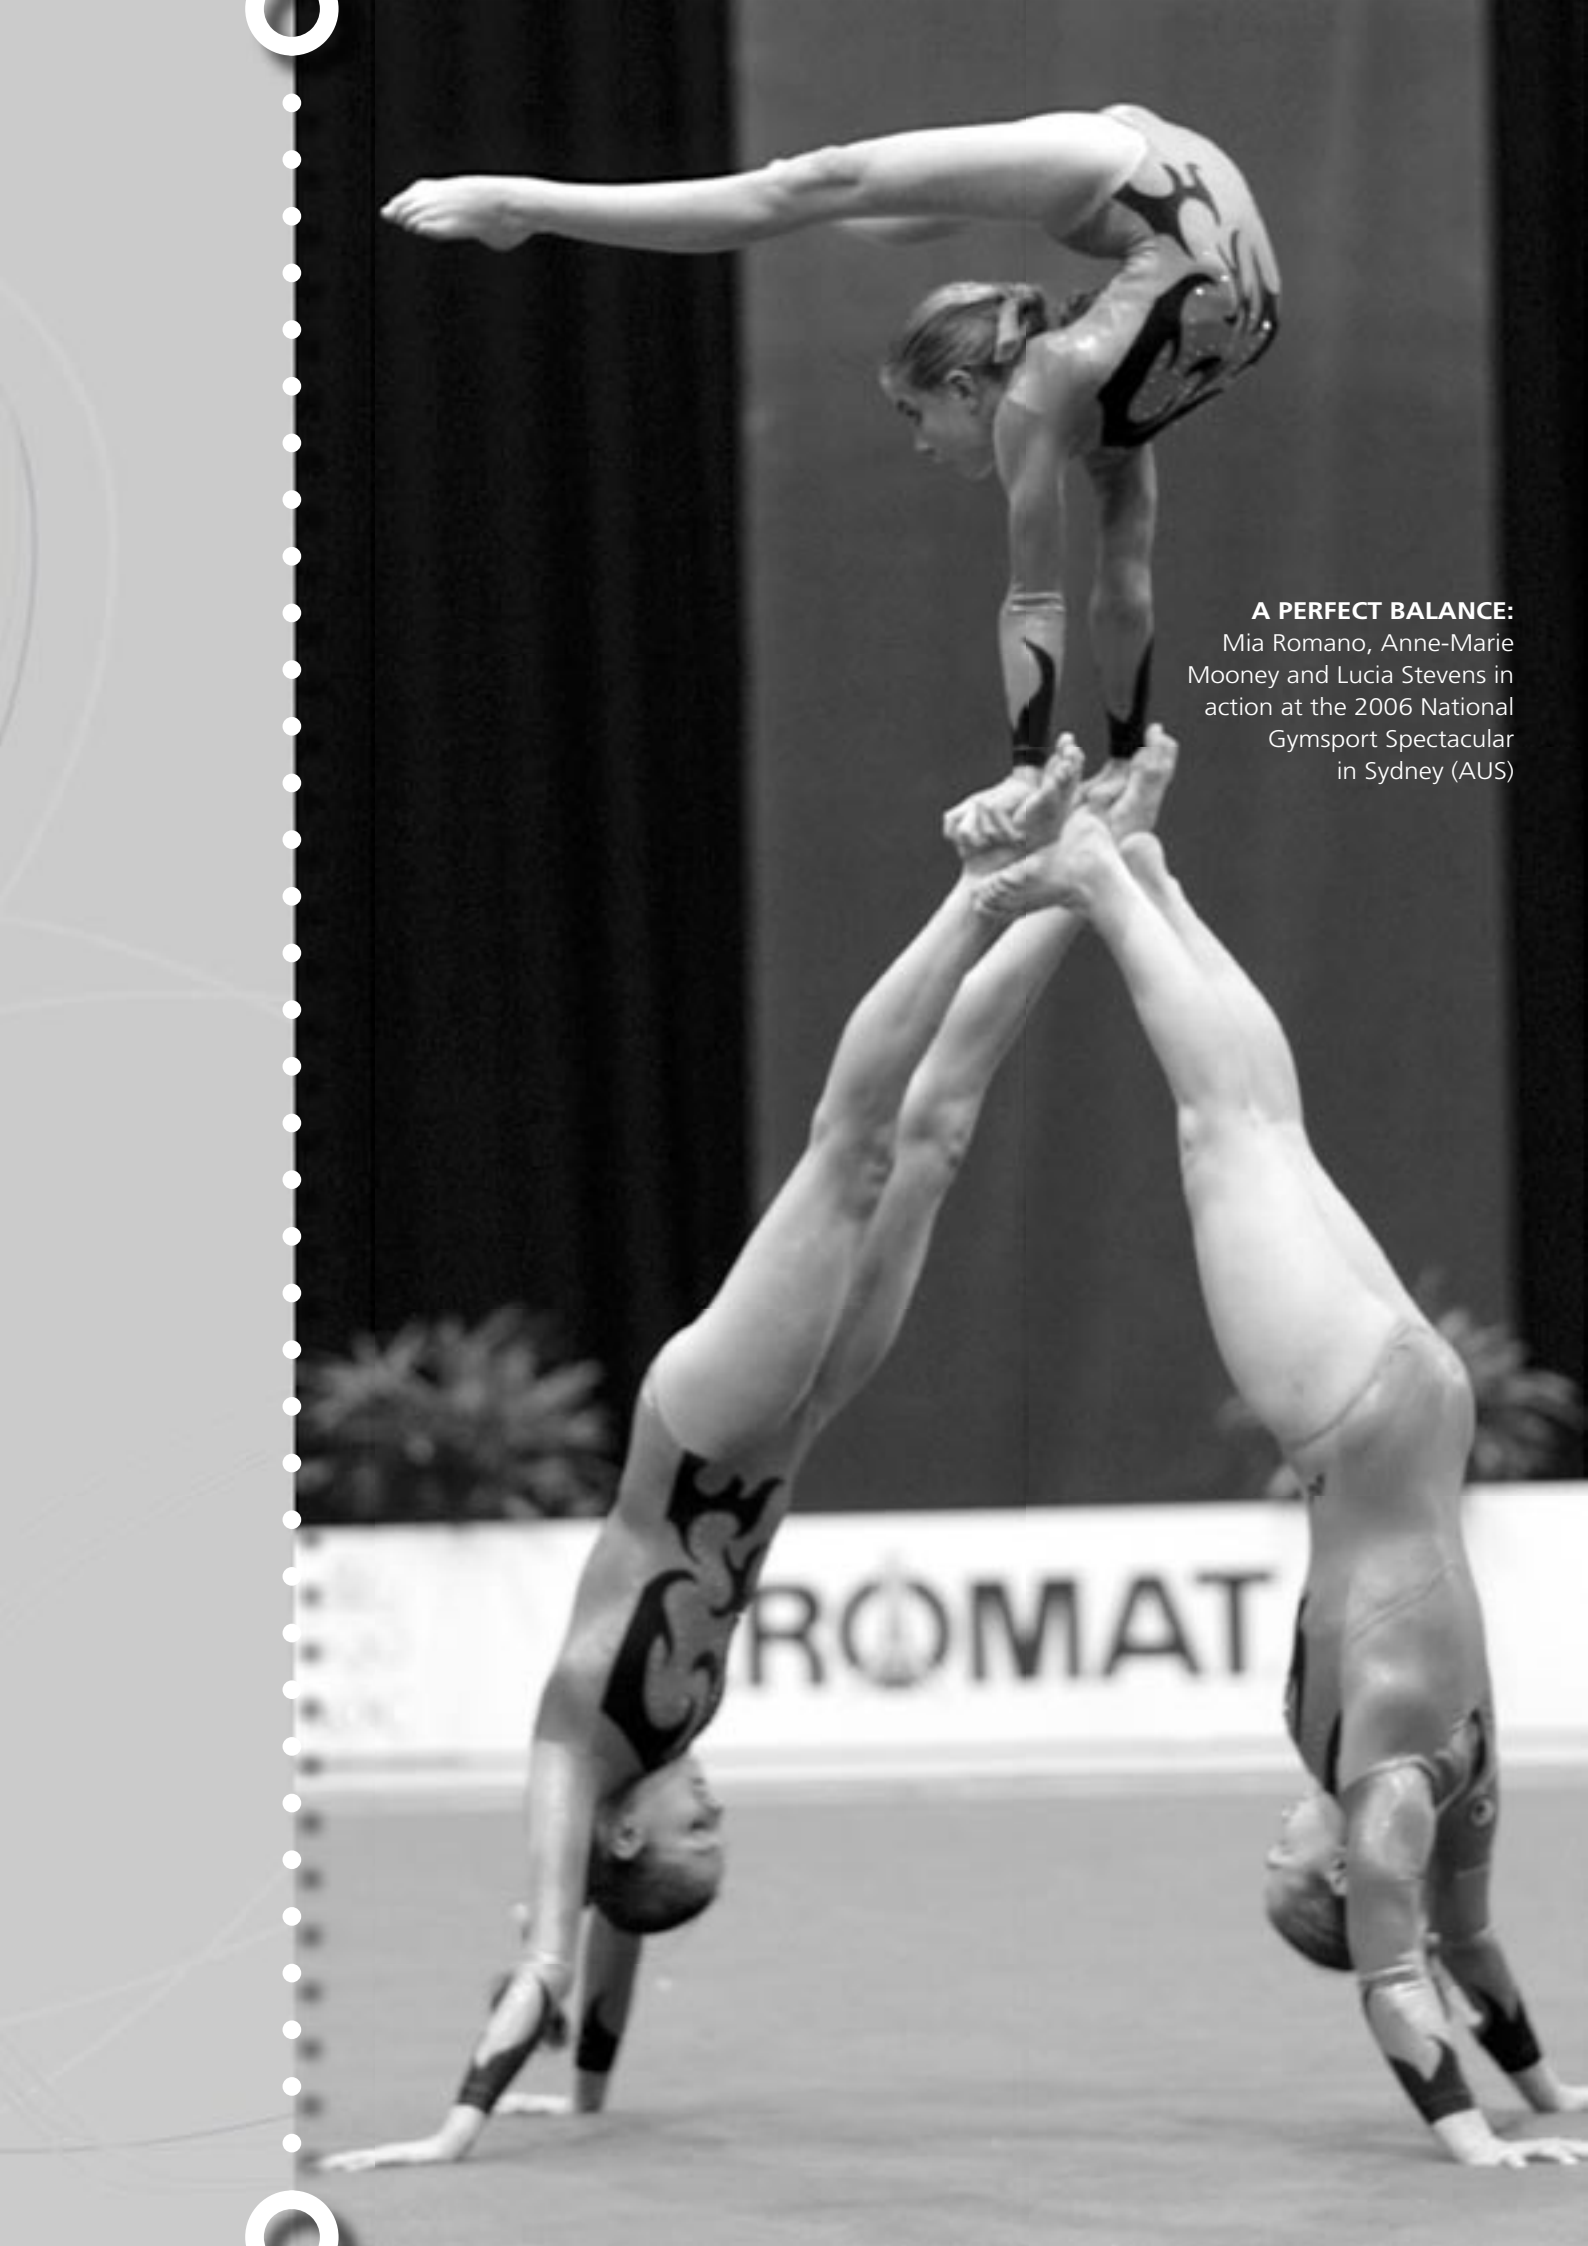

Preceding the WC and IAGC competitions a National Team training camp was arranged in Sydney in early April. Following a structured approach similar to that of the January Camp, athletes worked solidly for 3 days to maximize preparation for these world competitions. Included were discussions on competition preparation and a presentation from ASADA.

The WC and IAGC competition covered about 2 weeks and, as expected, competition from other federations was extremely high. Australia was represented in the Senior Event by 2 Women's Groups, in the Age Group 12-19 Category by 2 Women's Groups and the 11-16 Age Group Category by 2 Women's Groups and 2 Women's Pair. Overall the athletes performed very well with a strong result in the 12-19 Age Group Finals by Anne-Marie Mooney, Mia Romano and Lucia Stevens (NSW) achieving 6th Place ...congratulations!

These events were televised for the first time and, this being the case, the Pairs/Groups were directed to perform to the Superior Jury and television cameras. This was unexpected and as such provided a challenge for Judges viewing performances from the sides. Pamela Ryan was the assigned Australian Judge for both events. Pamela has proved a credit to the team judging upward of 200 exercises, and as such, is held in high regard by her peers. A great technological advancement was the IRCOS system used by the Chair of the Judges' Panel (CJP) and Difficulty Judges on each panel. This system was praised by all and certainly reduced the incidence of inquiries.

The Head Coach for both events on this tour was Agnes Sagjal. Agi's professional approach was admirable. Overall this tour was successful and we look forward to 2008 where we strive to excel.

The Australian Championships were again held in Sydney at Olympic Park. This venue has a great atmosphere and is most appropriate for this event. The skill levels of all the Pairs/Groups were certainly an improvement on the previous year and with the performance new elements, provided spectators with many visually stimulating and spectacular exercises.

A PERFECT BALANCE:

GYMNASTICS AUSTRALIA BUSINESS & SERVICES REPORT

MATT CONNELL - BUSINESS/SERVICES DIRECTOR

In 2006 the Business and Services unit delivered a range of programs and services which continue to underpin the future development of the sport and provide valuable benefits to all members of the gymnastics community.

In accordance with the strategic direction of GA, an Information Technology (IT) plan was formulated in March 2006. The plan outlines five key projects, which centre on the increased use and development of the sport's national database (iMIS) and the provision of e-commerce functionality.

The first two projects (G-Platform and G-Transact) were completed by July 2006, with G-Platform involving a major upgrade of the national database. This was followed by G-Transact, which involved the development of an e-commerce platform that has reduced duplication in data entry and provides the perfect foundation from which to launch the balance of projects outlined within the IT plan.

With the first two projects successfully implemented within the GA Office, the potential of the new IT projects was put to the test with the launch of the G-Renew project in late 2006. This project saw a select group of technical members being provided with an opportunity to renew their 2007 technical membership on-line. Feedback to date has been most positive and GA looks forward to extending this exciting project to an increased number of technical members in 2007.

The final two projects (G-Events and G-Course) will see GA partner with State Associations to trial on-line event and coaching course entry. As a precursor to this exciting development, GA will first roll out G-Transact functionality with State Associations, via a trial to commence in 2007.

The speed with which the IT plan projects have been rolled out is a credit to the forward thinking, diligence and tireless efforts of all GA staff with particular credit extended to Ben Kerswill and Karen Norden.

GA has continued to commit resources and develop strategies to address the area of risk management within the sport. The successful implementation of the Managing the Risks of Coaching (MRC) resource has clearly shown the membership's acceptance of on-line education tools and this provides encouragement to GA for the re-development of GA's coach education framework, in which substantial work was undertaken throughout 2006.

Congratulations are extended to both Trent Lawrie (QLD) and Andrew Higgins (VIC) who; respectively with the assistance of GA, were successful in securing National Coaching and Officiating Scholarships, in 2006.

Work continued in 2006 on the development of two exciting new resources aimed at providing clubs and their coaches with the tools necessary to be able to extend their operations into schools (GYMSkools) and provide safe and enjoyable fundamental lessons that contain a mix of activities across all gym sports (GYMMix). The GYMSkools program is a web based resource that will be provided as a benefit to clubs and their coaches through the Club 10 program, whilst the GYMMix resource will be released as a DVD and replaces the current Gym Fun and Gym Skills resources. Thanks are extended to Linda Pettit for her continued work in the development of these exciting new resources and the education and services area in general.

The development of a revised Club 10 checklist and associated audit procedures and resources was another key highlight in 2006. The Club 10 program continues to play a crucial role in the ongoing development of clubs and provides a blueprint for continuous development and growth. The promotion of a set of national standards continues to provide the benchmark for clubs to reach within the Club 10 program. With the assistance of its State Associations and, more specifically their Club 10 Officers, GA aims to assist all clubs in reaching national standards (Star 3 accreditation) in the future.

GA acknowledges the leadership provided by Brad Edwards in his capacity at Club 10 Manager and the support provided by Nerine Cooper in the development of program initiatives and resources. Brad Edwards resigned from this position in July 2006; however will not be lost to the sport as he now joins the Club 10 Audit team. GA wishes Brad well with his future endeavours and welcomes Geoff Rietschel to the position of Club Services Manager.

In late 2006, a sub-committee was formed to review GA's National Insurance program. This included putting the program to tender, reviewing tender submissions and establishing, a revised program for 2007. Following thorough scrutiny JLT Sport was appointed in October 2006 as the sport's new insurance broker and, in conjunction with the sub-committee, immediately set about establishing a National Risk Protection program for 2007 that provides increased benefits and more economical insurance premiums. Thanks are extended to Nadine Weight (ACT) and Jane Farrance (VIC) for their involvement in the sub-committee.

WELL FOCUSED:

Daria Joura shows the focus that has seen her rise to lead a new era of Women's Artistic Gymnastics in Australia. Pictured here in action on the Beam at the 2006 FIG Artistic Gymnastics World Championships in Aarhus (DEN).

It is extremely pleasing to note the increases in both athlete and technical membership in 2006. It is clear that the sport has successfully capitalised upon the media attention generated through both the 2005 World Gymnastics Championships and the 2006 Melbourne Commonwealth Games. Whilst club membership remains unchanged it is pleasing to see an increasing number of clubs move through the Club 10 program and improve their star accreditation and operations as a result. Thanks are extended to Ben Kerswill, Rachael Herdman and Suimai Hare for their continued work in servicing GA's National Membership program.

The Business and Services unit will continue to drive a range of innovative projects and programs aimed at streamlining the sport and looks forward to taking full advantage of current advances in technology. GA is excited about the opportunities that lie ahead and is well positioned to capitalise upon these advances and drive a range of increased benefits and services to the gymnastics community.

GYMNASTICS AUSTRALIA EVENTS REPORT

SHAUN DOYLE - EVENTS DIRECTOR

Following a very busy 2005, the GA event team started the year conducting the Commonwealth Games gymnastics competition in March. With the success of the World Championships still fresh in everybody's mind, the challenge was to stage another major international event successfully in Melbourne.

Russell Smart and George Tatai were seconded to the Commonwealth Games gymnastics event team to assist Competition Manager, Shaun Doyle in the delivery of the event.

Once again the Rod Laver Arena was the venue for the gymnastics competition, with excellent crowds supporting all events. Slava Corn was the nominated FIG representative to oversee all aspects of the gymnastics competition and GA extends its appreciation for her most valuable support prior to and throughout the event.

For the third and final year the Australian Championships for Men's and Women's Artistic and Rhythmic Gymnastics were held at the Sydney Olympic Park Sport Centre in May. For the first time, within this event, the second week saw the showcase of both Men's Artistic and Rhythmic together in the competition arena. Although the venue was ideal for this event, the Australian Championships struggled to be embraced by the gymnastics community in Sydney. A review was conducted on the event calendar and a new format for all Australian Championships will be adopted for 2007.

Trampoline and Rhythmic will become stand alone Australian Championships in the July school holidays whilst the Men's and Women's Artistic Australian Championships will be split into two events allowing for the seniors to be showcased in Melbourne in May.

The Annual Awards Dinner continues to be a success with over 300 athletes, coaches, judges and officials in attendance to congratulate all the 2005 National Awards recipients and to toast the success of the World Championships. Business Manager, Matt Connell and his team are to be congratulated on the professional presentation of the night.

Other events held during the year were the Trampoline Sports Australian Championships at the Brisbane Entertainment Centre (The Sports Centre) and the Downunder Spirit Championships for Cheerleading at the Gold Coast. In 2007, Sport Aerobics will join Cheerleading in the Downunder Spirit Championships in an effort to capitalise on the promotional opportunities that this event brings gymnastics.

The final event for 2006 was the National Gymsport Spectacular held in Sydney during the September school holidays. This event involves Cheerleading, Sport Aerobics, Sports Acrobatics and the Aussie Gymfest and continues to grow in popularity, fast becoming the most successful of all events. This year saw the inclusion of the FIG 125th Anniversary Gala into the National Gymsport Spectacular program with over 400 athletes having enormous fun presenting a very professional show which was enjoyed by the large audience in attendance.

Following the event, the General Gymnastics Sports Management Committee made the decision to stage the Aussie Gymfest every two years. This will allow planning to commence on the possibility of incorporating a similar event to the 2006 Anniversary Gala into the event calendar every two years alternating with the Aussie Gymfest.

Finally, thanks are extended to the National Sports Management Committees, State Associations, clubs, judges and volunteers for their continued support in staging the national events. GA looks forward to meeting the challenges the new event calendar brings in 2007 and ensuring that the sport continues to be presented in a most professional manner.

FIG 125TH ANNIVERSARY

OCEANIA GALA

06

30TH SEPTEMBER 2006 - SYDNEY, AUSTRALIA

As part of worldwide celebrations for their 125th anniversary, the International Gymnastics Federation (FIG) requested all continental unions to stage a special Gala in honour of the occasion. Special funding was provided by the FIG to assist the organisers to stage a fitting and memorable celebration.

On behalf of the Oceania region, Gymnastics Australia staged the 125th FIG Anniversary Gala in Sydney on September 30, 2006.

The Gala was presented under the theme "a gymnastics journey around the world" and the show took the audience on a journey seen through the eyes of two travellers who travelled the five continental unions of the FIG to attend a birthday celebration being held in honour of the FIG 125th Anniversary.

The Gala involved over 400 participants from Australia and New Zealand. The Oceania region was honoured to have the FIG Vice President, Koji Takizawa present at the Gala which was enjoyed by a large audience at the Sydney Olympic Park Sports Centre. Gymnastics Australia on behalf of the Oceania region sincerely thanks the FIG for their financial support to stage this memorable event.

Philippe Rizzo 1st HB

Prashanth Sellathurai 2nd PH

A FITTING RESULT:

Damian Istria receives his Gold Medal on Horizontal Bar at the 2006 Commonwealth Games in Melbourne (AUS).

GYMNASTICS AUSTRALIAN CAPITAL TERRITORY

TONY DAVIDSON - PRESIDENT

NADINE WEIGHT - EXECUTIVE DIRECTOR

2006 brought significant change to the Australian Capital Territory government's Sport and Recreation department. There have been major funding cuts in the ACT grants program and these changes have had a significant impact on not only Gymnastics ACT but all sporting bodies within the ACT.

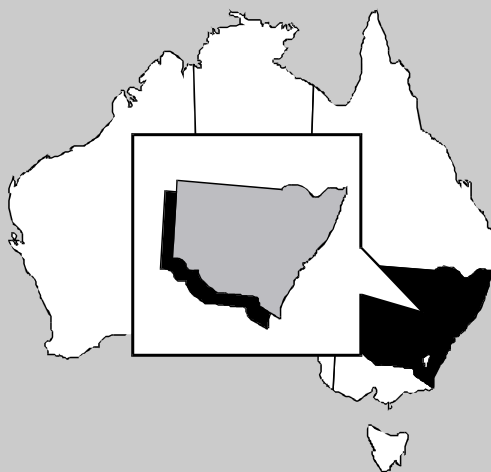

2006 saw the appointment of Dr Sue Morton as the new WAG Technical Director. Sue assumed the role in February. Nicole Cochrane assumed the responsibility of heading up the General Gymnastics Committee; which looks after both the GG element of the sport as well as the WAG State stream gymnasts. Bob Morton continued his role as the ACT MAG Technical Director and Kerrin Madden remained as the Technical Director for Trampoline Sports.

The ACT gymnasts' performances at the National Championships were a major highlights of 2006. Both MAG and WAG gymnasts had outstanding performances with Jordan Read becoming the Level 7 Open National Champion; Jordan was also selected to represent Australia in the Trans Tasman Level 7 Open event.

The Level 7 Open team achieved a silver medal in the team event. Jacob Davies was awarded a silver medal in the Level 6/U12 All Around and Takuto Ichihara was selected as the ACT representative in the Level 8 Open Trans Tasman event. In the women's competition, Melissa Orr won a silver medal in the Level 7 All Around and was also selected in the Level 7 Australian team to compete at the International National Levels Challenge event that was held in Perth. The Level 9 women's team gave an outstanding performance, winning a bronze medal in the team event.

The role of Club 10 officer was included as part of the duties of the Executive Director. This was based on the size of the ACT and the committee's opinion that this was in the best interests of the Association and its affiliated clubs.

Congratulations to the committee and staff of the Woden Valley Gymnastics Club on achieving Club 10 Star 3 accreditation.

GYMNASTICS NEW SOUTH WALES

DON BOLLARD - PRESIDENT
AARON BLOOMFIELD - EXECUTIVE DIRECTOR

'An outstanding 2006 in all areas' was the phrase used when GNSW was announced as the '2006 NSW Sports Organisation of the Year'. Here's how we did it...

GNSW will partner with an external provider to implement a schools based traineeship (Certificate II in sports coaching) in 2007. The traineeship combines the existing coaches' course with additional units of correspondence study. Candidates receive 3 credits towards their HSC and gain accreditation as a Level 1 coach. The program can be completed in addition to a full study load and will not affect the number of credits that can be completed at school. A key benefit is that host clubs will be eligible for \$2,000 in government assistance payable as a lump sum grant. The program also covers the cost of the Level 1 coaches' course.

GNSW implemented a free 'Supervisors' Course' (adopted from GV), and conducted a series of risk management workshops, attended by 43 clubs, incorporating an automated risk register. 43 coaches' courses, 28 judges' courses, 62 congress sessions and two course-presenter workshops were conducted and 11 new course-presenters commenced training.

An endorsement program for school providers was developed which incorporates an automated checklist enabling its efficient administration. NSW hopes that the automated checklist concept will be adopted for the ongoing refinement of Club 10.

2006 saw 30 state events conducted and 64 club and regional events sanctioned via a competition sanction program (adopted from GQ). Expanded in 2006 to include training for 25 regional volunteers the program is a key risk management strategy.

GNSW drafted a comprehensive OHS Plan, Finance Plan, Working with Children Policy, Photography Policy, Grievance Policy, Discipline Policy, Volunteer Policy and Crisis Management Plan. Induction documents for teams and event volunteers were drafted and workshops were conducted regarding a bylaw, passed in 2005, which aligns the duties of officers with the duties of directors under the Corporations Act.

Huge congratulations to: Philippe Rizzo (AIS) and Prashanth Sellathurai (NSWIS) for winning gold and silver at the World Championships respectively; Prashanth, Philippe and Kimberly Mason for returning home with 7 medals from the Commonwealth Games; the WAG levels team for winning every team gold medal at Nationals; the ACR team for filling every position on the Worlds Team; the MAG team for winning

every gold medal in U13 and U15 and occupying 50% of the AYOF team; the TRP team for winning the state shield and occupying almost 50% of the AYOF team; and to the 78 National Champions that call NSW home.

GNSW purchased a new head office to house the existing staff plus 2 additional full time and part time staff; implemented an IP telephone system and Citrix computer system to improve workplace flexibility and implemented a student internship program and volunteer recruitment and retention plan to increase access to volunteer labour. With a 13% increase in membership and 180% increase in equity over three years, GNSW has worked hard to position itself for a sustainable financial future.

Key to GNSW's success is the cultural change within the state office. Gymnastics boasts very competent, dedicated and enthusiastic staff with a can-do attitude. This, when combined with the support and dedication of the state Board, SMCs, Regions, Volunteers, and Members has culminated in achievements that all members should be very proud of.

GYMNASTICS NORTHERN TERRITORY

FRED MARRONE - CHAIRPERSON

The year for Gymnastics Northern Territory (GNT) commenced with all clubs striving to do their best and present gymnastics in a positive manner to the whole of the Northern Territory. Since the areas in the NT are quite a distance from each other it is a big ask of all clubs. The Association is very proud of its efforts and commends the clubs, coaches and gymnasts for their efforts.

The annual NT Championships were held in June in Darwin for MAG, WAG, RG, ACR and CHL with Trampolining as a display event. This year the NT invited Wendy Treble from Victoria, an FIG Judge, to attend as the head of the judging panel for Sports Acrobatics. The discipline learnt a lot from Wendy's expertise and then, in September, the gymnasts went on to compete at the Australian Championships with two Level 5 Trios and a Level 4 Pair. All gymnasts performed extremely well and were ambassadors for the NT. A Team from Springers Gymnastics represented the NT for the first time at the Australian Cheerleading Championships in Sydney in September, learning a lot from this experience and hoping to return again. The Team competed in Junior Hotshots. Their coach, Lorelei Brigden was extremely proud of their performance and the dedication to their new-found discipline of gymnastics.

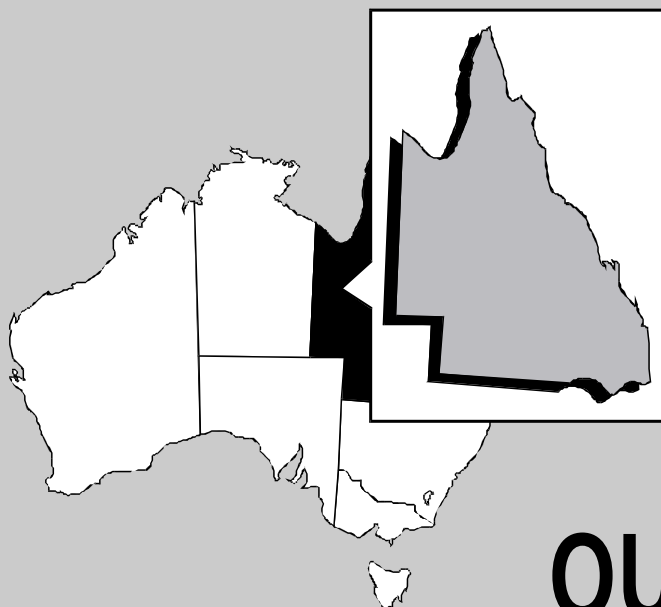

An amazing effort from Sophie Budack saw an NT gymnast invited to join the AIS program in Canberra. Sophie has worked extremely hard whilst there and is now a part of "Team Future". Sophie is currently working at Level 8 International and is expected to compete in Level 10 international at the end of 2007.

The 2006 AGM was held in September and a new Board was elected. At the AGM Gillian Furniss departed and a new Chairperson Fred Marrone, was elected. Fred brings to the Board a wealth of knowledge from being on boards of local businesses, government departments and other sporting bodies. The election of the new Board has brought a new and positive direction for the NT.

One of the decisions of the new Board was to make the position of Development Officer for the NT redundant. Instead, GNT has made that job into two positions so the Association can better service the needs of the clubs and the sport as a whole.

Early 2007 should see the position of Promotions and Projects Officer filled. This will be the person responsible for dealing with Club 10 for the NT. The second position is the Gym In Schools Officer so the sport can be better promoted throughout the wider community.

GNT is looking at a very bright and positive future for the sport of gymnastics in 2007.

GYMNASTICS QUEENSLAND

KEN MATHERS - PRESIDENT
WAYNE HILL - EXECUTIVE DIRECTOR

2007 is the third year into the Board's 4 year Strategic Plan, which is the basis of all activities within the operations of Gymnastics Queensland (GQ), and our 7 Sport Management Committees.

Gymnastics Queensland now has 27,370 registered members, an increase of 9.2% over 2005, and 23.7% over 2004. Technical membership has maintained its growth rate at 8% per annum and now stands at 711 members. GQ convened 77 Education courses for 908 participants. The acceptance of the Club 10 program is one of the major factors in improvements in club governance, risk management and health and safety. The positive and measurable result has seen a marked reduction in public liability insurance premiums. Throughout 2006 GQ undertook 7 trips to Far North Queensland working with children in remote areas.

In 2006, GQ conducted 64 events throughout the State for 7,205 participants, GQ again hosted the National Trampoline Championships at Boondall, and an extremely successful Junior State Championships and WAG National Club Championships at Caloundra where International WAG gymnasts trialled for a place in the World Championship Team with 800 other gymnasts from around Australia. The success of the General Gymnastics event in November reinforced the view that participation events must be

conducted alongside competitive events over future years.

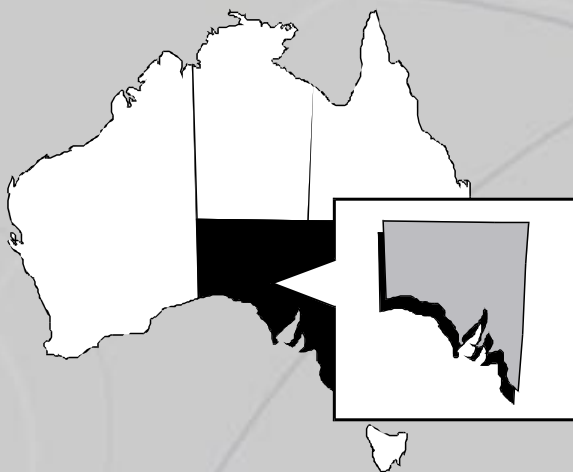

These events served well to showcase the gymsports in spectacular fashion with media coverage to match. Worthy of note is the publicity the participation element of gymnastics has been receiving. The health and life skills taught through gymnastics are finally being recognised.

The performance of GQ's athletes in the international arena was testament to the many years of effort put into the High Performance programs. Queenslanders comprised over 50% of the Australian Commonwealth Games team and GQ Officials also maintained an extremely high standard on the international arena.

GQ's special initiative program Active Bods continued to grow both in performance and stature during 2006. The Active Bods program is designed to create the future for gymnastics by improving the calibre of young coaches by providing exciting, well scripted and choreographed lesson plans; creating employment opportunities for coaches during club down-time; and taking gymnastics into schools to teach children the benefits of physical activity, a love for sport and a healthy well-balanced lifestyle, which will help to combat obesity and generate self-confidence. The 2006 Coaching Congress continues to play a key role in

GQ's efforts to always be at the cutting edge of developing our sport.

GQ has a balanced Board that is providing clear strategic direction, leadership and innovation. The financial position continues to improve as does the quality and contribution of the staff team enabling a focus on providing improved services to the membership. State Squads were introduced by TRP, RG and AER throughout 2006, in addition to MAG and WAG. GQ thanks and acknowledges the support of the Queensland Government through Sport and Recreation Queensland (SRQ) and the Queensland Academy of Sport (QAS) and, of course the SMCs and volunteers for their tireless work throughout the year.

GYMNASTICS SOUTH AUSTRALIA

GRANT HARRISON - PRESIDENT

PHIL SINNOTT/HAYDN BELLAMY - STATE ADMINISTRATOR

2006 saw gymnastics in South Australia maintain its steady growth in the range of gymsports it manages. Initiatives and programs designed to increase participation and enjoyment are coming to fruition and 2007 looks to be an exciting and challenging year.

The GSA Board and staff thanks with gratitude all SMC members, club coaches, administrators, volunteers and athletes who have offered their time, experience and resources to all the competitions and activities that run in 2006.

In mid 2006 Haydn Bellamy was appointed as State Administrator. He replaced Phil Sinnott who has taken up a similar position at Squash SA. Although Haydn's background is not in gymnastics, he has made, and continues to make, valuable assessments and contributions to the smooth running of gymnastics in South Australia.

2006 saw good results from all South Australian levels and elite gymnasts during state, national and international competitions. Special congratulations are extended to Sam Offord (MAG) for his team effort and contribution at the World Championships and for his recognition award at the SASI 2006 Annual awards. Congratulations also to Ben Wilden and Scott Brown for their achievements at the Men's Synchronised Trampoline World Cup

in Krasnodar (RUS) in May and also Alexandra Freeman for her placing at the Savognin World Cup (SUI) in August.

The Aerial Program was launched in partnership with the South Australian Sports Institute during 2006. The primary objective of the program is to increase participation in elite pathways by conducting a grass roots level program that will deliver athletes into the elite pathways of the 3 aerial sports – Men's Gymnastics, Trampoline and Diving. This is being achieved with the recent appointment of an Aerial Specialist coach.

With the support of the Office of Recreation and Sport, GSA set up a new inclusive program called "GymAbility". The program will provide people with all ranges of disability and special needs the opportunity to learn and participate in gymnastics that will give them valuable skills for this and other sports in a safe and enjoyable environment. With the recent appointment of a Disabilities Officer, increased participation and inclusion of people with disabilities in our sport is anticipated.

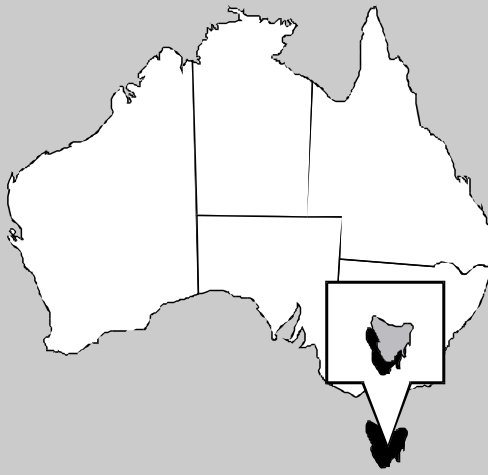

General Gymnastics saw the first Recreational Team Challenge competition. Over 250 participants from the South Australian general gymnastics community took part, which bodes well for building on its success in 2007.

Club 10 has continued to be a key focus for GSA, which has employed another staff member to assist with the workload of the Club 10/ Education Officer. Many clubs are working through and towards the Star 3 checklist to enable them to establish principles of good practice and also to meet Gymnastics Australia's national standards.

Club visits and communications were and continue to be a key focus for the Club 10 development staff with more clubs anticipated to meet the national standards.

Gymnastics South Australia thanks all the staff who continue to administer the sport in the core areas of club and membership services, participation and development, high performance and events.

Finally, GSA would sincerely like to thank the Office for Recreation and Sport, South Australian Sports Institute, Acromat and all corporate sponsors for their continued and valuable financial and in-kind support throughout 2006.

GYMNASTICS TASMANIA

MARK MONCUR - PRESIDENT

2006 saw some big changes for Gymnastics Tasmania (GT), with a new look Board being elected, and a charter to effect change for GT's future advancement.

Financially the Association made a profit in 2006, after two years of losses. Outstanding debts have been reduced and overall registrations have shown a steady increase.

Trampoline Sports in Tasmania has continued its strong development, with athletes performing well at national and international events. Congratulations to the dedicated volunteers who have been responsible for improving performances.

Thanks are extended to Gaylene King, Office Administrator, for her outstanding efforts with the administration of the Association. GT's policies and procedures are continuing to be reviewed and updated.

Work towards a state gymnastics facility has progressed well, with the State government adding a further \$1million dollars to the Federal government's \$1million commitment to the project. Work with Kingborough council for the remaining funds and site location for the project continues. The proposed facility will provide for Tasmania's top gymnasts and also for all levels of gymnastics with a purpose-built early learning centre.

Nicole Colev, the Club 10 Officer has been working hard communicating and assisting clubs. Nicole has also been responsible for implementing new policies and procedures in the office. With the help of Nicole, Tasmania had its first club, Kingborough, achieve a Star 5 rating, one of only 7 clubs Australia-wide to attain this status.

2006 has been a good year for Gymnastics Tasmania. The Gymnastics Tasmania Board, sports management committees, members, volunteers and staff have all worked tirelessly during the year.

GYMNASTICS VICTORIA

GEOFF SUSSMAN/JOHN HIGGINS - PRESIDENT
JANE FARRANCE - EXECUTIVE DIRECTOR

In 2006 Gymnastics Victoria (GV) increased its membership for the 6th consecutive year.

After 18 years at the helm, Geoff Sussman resigned as President of Gymnastics Victoria. Geoff's resignation is the end of an era and he will be greatly missed. The achievements of Victoria under his leadership were nothing short of spectacular. Stephen Moorhouse, Treasurer, also resigned his position during the year. A further loss was that of Karen Norden, Office Manager, who stepped across to Gymnastics Australia after six years with Victoria.

The Commonwealth Games in Melbourne was the major focus for Victoria in 2006. Congratulations to all team members particularly to the Victorian gymnasts, Ashleigh Brennan, Monette Russo and Amy Khera, and to the army of volunteers who ensured the event was a success. An additional legacy from the Games was a government grant of equipment to the HPC, which, in turn, distributed the replaced equipment to deserving clubs. Eleven clubs benefited from this program. To increase the profile of events, the MAG State Championships were held at the State Netball & Hockey Centre, a very exciting venue, and further such events are planned.

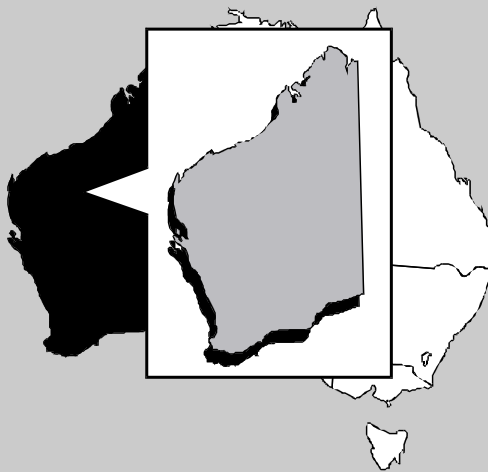

The Board made the very difficult decision to close the RG HPP program at the end of 2006. The parents of the gymnasts in the program are in the process of setting up an International Stream RG club which will operate out of the existing venue at the State Gymnastics Centre.

Gymnastics Victoria produced two safety brochures in partnership with the Victorian Government initiative Smartplay, for both traditional gymnastics and trampoline sports. These are available for clubs to distribute.

Club 10 and club services are key priorities for Victoria and many development programs are based on the Club 10 framework. Victoria has 18% of clubs at Star 3 or above. Greater effort will to be taken to bring this percentage up to 50% or more.

GV's partners and supporters, particularly the Victorian Institute of Sport, Sport and Recreation, VicHealth, VicSport, and Swinburne University of Technology maintained close links and their continued support is greatly appreciated.

Gymnastics Victoria has concluded another successful year which was only made possible by the hard work and commitment of the Board, SMCs, staff, volunteers and club members.

GYMNASTICS WESTERN AUSTRALIA

STEVE TURPIN - PRESIDENT

GRATTON WILSON/ROBYN KUHL - EXECUTIVE DIRECTOR

2006 was another positive year for Gymnastics Western Australia (GWA), with continued growth and new challenges met. The gymnastic community has seen continued support from its major partners the Department of Sport and Recreation and Healthway, and the exciting news that in-principle the new State Gymnastic venue located at Loftus Recreation Centre in North Perth will be built commencing in March 2007.

From a staffing perspective GWA was saddened to lose three invaluable staff members: Marie Pudelek (Sports Manager), Jane Collins (Education Officer) and Gratton Wilson (Executive Director). GWA thanks each of them for their contribution. Gratton Wilson left gymnastics after ten years of employment and was presented with an Award of Merit for his service to GWA.

GWA welcomed Robyn Kuhl as the new Executive Director, Ann Raneri (Sports Manager) and Suzie Brown (Receptionist / Administration support). Jo Hammond has moved into the position of Education Officer. GWA also thanks Richard Edinger, who resigned in late 2006, for his service to the GWA Board.

GWA saw increased athlete registrations in 2006. The three Optional Spectaculars saw a total attendance of 1300 competitors; an excellent result. The following outstanding results were achieved in 2006:-

WAG HPC – Daria Joura competed in the FIG Artistic Gymnastics World Championship in Aarhus (DEN) and achieved 5th AA. Olivia Vivian was also in the Australian team that placed 6th.

WAG International Levels Challenge was run in conjunction with the GWA State Championships attracting teams from Japan and New Zealand. Representatives in the Australian Levels Team were Brittany Choy and Corrie Keating.

Sports Aerobics – athletes competed in the ANAC International in Los Angeles in July, with Kieran Gorman winning a bronze medal in the individual male division.

Cheerleading – Perth Angels (Fit to Cheer) won the Australian National Championships (Open division) in Sydney in September and was the first Australian team to compete at the World Championships.

Acro – the Men's Group achieved a first place at the Nationals, the Level 8 Mixed Pair a silver, and Level 4 Trio a bronze.

MAG HPC made two trips to Russia: a training camp in July and again in December for the Voronin Cup. Martin Jozwiak was the travelling reserve for the Men's World Team.

RG – teams attended Lemesia International Tournament in Cyprus and the Serdang Angel Cup in Malaysia. Western Australian athletes also achieved excellent results with the Junior National Champion being Chloe Hayes, Level 10 National Champion Kate Dolan and Level 9 National Champion Kelsey Brewer.

2006 saw GWA with 51 clubs, 4 Associations and 9364 registered members, an increase from 2005. The Club 10 program continues to have an impact on the day to day operations of all clubs and associations within Western Australia. The end of 2006 saw the closure of two clubs, Busselton Gymnastics and Grove Gymnastics that had provided the gymnastics community with long service. These club owners, Jenny Couch and Florence & Don McCallum, each received an Award of Recognition in acknowledgement of their service.

In closing, a special thank you to the many volunteers, staff, Regional Associations, Board and Committee members for their tireless and dedicated work throughout 2006.

Thanks are also extended to the partners and sponsors of GWA. We look forward to their continued support in 2007.

GYMNASTICS AUSTRALIA 2006 FINANCIAL NOTES

NOTES TO THE FINANCIAL REPORTS FOR THE YEAR ENDED 31ST DECEMBER 2006

THESE NOTES SHOULD BE READ IN CONJUNCTION WITH THE FINANCIAL STATEMENTS

Statement of Accounting Policies

The accounts of this entity (which is a 'non-reporting' entity) have been prepared in accordance with applicable Accounting Standards.

Results for Year

Gymnastics Australia (GA) made a profit of \$20,726 for the year (2005– \$540,139).

Short Term Investments at Cost are Fixed Interest Hybrids listed on the Stock Exchange the market value of which was \$1,064,828 at 31st December 2006.

The Furniture, Fittings and Equipment have been valued at cost less an appropriate provision for depreciation based on the remaining useful life of each asset.

The Trade Debtors have been reviewed and in the opinion of management are all recoverable in the normal course of business.

Stock on Hand has been reviewed and re-valued to the lower of cost or net realisable value. The net result of this is a write down of \$9,245 (2005 \$22,393) that is reflected in the trading gross profit. This stock represents items held for resale at the GA office.

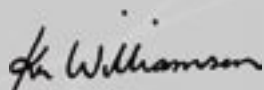

Work in Progress (projects) has been reviewed and is valued at cost. It is believed the value shown is fully recoverable on completion of the various projects in 2007.

In accordance with a resolution of the Board,

in our opinion the accompanying financial statements of Gymnastics Australia:

- (a) show fairly the operating result of GA for the year ending 31st December 2006 and
- (b) show fairly the financial position of GA as at 31st December 2006.

No matters or circumstances have arisen since the end of the financial year that have adversely affected or may adversely affect the operations or results of GA in financial years subsequent to the 2006 financial year. Notice is given that on February 17, 2007 the members of Gymnastics Australia voted to change from an Incorporated Association to a Company limited by guarantee.

J ALLEN, Chief Executive Officer

GYMNASTICS AUSTRALIA 2006 AUDITOR'S REPORT

STANNARDS
Accountants and Advisors

Independent Auditors' Report to the Members of Australian Gymnastics Federation Inc.

SCOPE

We have audited the financial report of Australian Gymnastics Federation Inc ("AGF") for the year ended 31 December, 2006 consisting of the Statement of Financial Position, Statement of Income and Expenditure and the Financial Notes. The Board are responsible for the preparation and presentation of the financial report and the information it contains and have concluded that the entity is a non reporting entity. We have conducted an independent audit of this financial report in order to express an opinion on it to the members.

Our audit has been conducted in accordance with Australian Auditing Standards to provide reasonable assurance as to whether the financial report is free of material misstatement. Our procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial report, and the evaluation of accounting policies and significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial report is presented fairly in accordance with applicable Australian accounting standards and other mandatory professional reporting requirements relevant to non reporting entities and statutory requirements so as to present a view which is consistent with our understanding of AGF's financial position and its performance as represented by its results from its operations.

The audit opinion expressed in this report has been formed on the above basis.

AUDIT OPINION

In our opinion, the financial report of AGF:-

- i) provides a true and fair view of its financial position at 31 December, 2006, and its performance for the period then ended; and
- ii) complies with relevant Accounting Standards and other mandatory professional reporting requirements.

We also state that in our opinion:-

- (a) the accounting records and other records and the registers required to be kept by AGF have been properly kept in accordance with relevant statutory provisions; and
- (b) we have been given all information, explanations and assistance necessary for the conduct of the audit.
